*Proceedings of the Madras Government, Public Works Department,
3rd July 1875.*

Read the following papers:—

No. 109. From Colonel F. J. MOBERLY, R.E., Superintending Engineer, Chingleput, to Lieutenant-Colonel J. MULLINS, R.E., Officiating Secretary to Government, Public Works Department, dated Guindy, 19th May 1875, No. 598.

I HAVE the honor to submit, for the sanction of Government, two estimates, viz.,
2 Estimates. one for supplying mats, punkahs, screen
2 Plans. doors, &c., to the Begum's Bungalow
at St. Thomas' Mount ordered for occupation as Superintending and Executive Engineers' Offices, for providing a bath-room in upper story, and for erecting a small shed in the compound of the bungalow to be used as a tiffin-room by the members of the two offices, all amounting to Rupees 1,020. The other, amounting to Rupees 105, is for constructing a partition wall in No. 1 Store-room, dividing it into Range Officer's Stores and Overseers' Offices.

2. The repairs sanctioned in G. O., No. 548-B., dated 25th February 1875, have been nearly carried out, and the buildings will be shortly occupied; but, unless the improvements now proposed are executed, they will be inconvenient and uncomfortable. I therefore solicit an early sanction for the accompanying estimates and an allotment of funds.

P.S.—Since writing the above I have received Proceedings of a Committee condemning the site adjacent for Staff Serjeants' quarters on the ground of prevalence of Ludiana fever among the horses whose lines are close under my office.

Proceedings of the Madras Government, Public Works Department,
3rd July 1875.

No. 110. From Colonel F. J. MOBERLY, R.E., Superintending Engineer, Chingleput, to Lieutenant-Colonel J. MULLINS, R.E., Officiating Chief Engineer, Public Works Department, dated Guindy, 11th June 1875, No. 959.

WITH reference to your Memorandum, No. 45, dated 3rd instant, I have the honor to forward a sketch showing the position of the buildings adjacent to the proposed District and Range Offices at Mount, noticing therein how they are at present used, and a copy of the Committee's Proceedings referred to.

W. O. Form 263.

PROCEEDINGS of a Committee assembled at St. Thomas' Mount on the 5th May 1875, by order of Brigadier-General J. Raikes, C.B., Commanding Centre District, for the purpose of reporting upon four Staff Serjeants' quarters handed over for the use of the Royal Artillery, Centre District.

PRESIDENT.

Major H. J. THORNTON, R.A.

MEMBERS.

Captain SMITH, R.E., Executive Engineer, Mount Range.

Lieutenant G. R. MOORE, R.A.

Surgeon-Major DAVIDGE, A.M.D., in attendance.

The Committee having assembled pursuant to order proceed to examine and report upon four Staff Serjeants' quarters situated in the Begum's compound, and is of opinion that they are unfit for the occupation of Staff Serjeants for the following reasons:—

There is no drainage.

There are no punkahs.

There are no windows.

There is only one small wash-house for the four quarters.

There is only one small cook-room in very bad repair for the range which includes four married quarters beside the four Staff Serjeants.

There is only one small latrine for the four quarters.

The ventilation is bad.

The situation is very ill adapted for Staff Serjeants; there is no privacy, and the quarters are situated in the same range as those occupied by married Gunners.

They are in close proximity to the horse lines vacated by C-20 on account of ill health among the horses.

(Signed) H. J. THORNTON, Major, R.A., President.

Sir; I have the honor to submit, for the sanction of Government, two estimates viz: one for supplying Mats, Bunkas, screen doors &c to the Begum's Bungalow at Saint Thomas Mount ordered for occupation as Superintending and Executive Engineer's offices, for providing a bath room in upper story and for erecting a small shed in the compound of the Bungalow to be used as a kitchen room by the Members of the two offices all amounting to Rs. 1020. The other is amounting to Rs. 105 for constructing a partition wall in No. 1 Store room dividing it into Range Officer's Stores and Quarters' offices.

2. The repairs sanctioned in G.O. No 548 B. dated 25th February 1875 have been nearly carried out and the buildings will be shortly occupied, but unless the improvements now proposed are executed, they will be inconvenient and uncomfortable, I therefore solicit an early sanction for the accompanying

Compound and is of opinion that they
are unfit for the occupation of staff
serjeants for the following reasons.

There is no drainage

There are no privies.

There are no windows

There is only one small washhouse for
the four quarters.

There is only one small cookroom in
very bad repair for the range which
includes 4 married quarters beside
the 4 staff serjeants.

There is only one small latrine for the
4 quarters.

The Ventilation is bad.

The situation is very ill adapted for
staff serjeants. There is no privacy and
the quarters are situated in the same
range

16
range as those occupied by married
gunners.

They are in close proximity to the Horse
lines vacated by 620 on account of ill
health among the horses.
