*Proceedings of the Madras Government, Public Works Department,
5th July 1875.*

No. 132. Read the following letter from J. H. LATHAM, Esq., Chief Engineer and Manager of the Madras Irrigation and Canal Company, to Major J. O. HASTED, R.E., Officiating Chief Engineer for Irrigation, dated Kurnool, 14th June 1875, No. 69:—

I HAVE the honor to request you will be good enough to obtain the sanction of Government to the expenditure of Rupees 46-6-6 as shown in the bill attached.

2. The charge is for damage said to have been done to certain fields in the villages of Pamalpad and Kambalapully, in the Nundicotacoor Taluq, from the flow of water from the Kambalapully sluices in November* and December 1870 in one case and in December 1871 in another.

* Deputy Collector's letter, No. 12, of 18th January 1875.

† Deputy Collector's letter, No. 49, of 5th June 1875.

3. The original amount claimed by the ryots was a much larger sum,† viz.:—

	RS.	A.	P.
<i>In Pamalpad.</i> —For loss of produce	210	4	0
Proportionate assessment on lands on which the produce was lost.	26	7	6
Proportionate assessment on lands not cultivated being rendered unfit for cultivation by stagnation of water	12	7	0
	249	2	6
<i>In Kambalapully.</i> —For loss of produce	31	7	0
Total ..	280	9	6

4. It was, however, arranged through the Deputy Collector that, in the case of Pamalpad, the amount claimed for loss of produce, Rupees 210-4-0 would not be pressed, provided that an account of assessment were paid, viz.:—

Rupees	26	7	6
"	12	7	0
Total ...	38	14	6

5. In the case of Kambalapully one of the two claimants had left the taluq, and his whereabouts was not known. The other claimed Rupees 7-8-0.

6. These two amounts, viz., Rupees 38-14-6 and Rupees 7-8-0, make the sum for which sanction is now solicited (Rupees 46-6-6).

7. I would mention that the Vagoo, which forms the escape channel from the Kambalapully sluices, is being improved so as to prevent any future cause of complaint from flood waters.

No. 133. ORDER THEREON, 5th July 1875, No. 1,896.
