*Proceedings of the Madras Government, Public Works Department,
9th July 1875.*

No. 260. Read the following letter from Colonel C. H. DICKENS, R.A., Secretary to the Government of India, Public Works Department, (Account—General,) to Lieutenant-Colonel J. MULLINS, R.E., Officiating Secretary to the Government of Madras, Public Works Department, dated Simla, 18th June 1875, No. 365 A.—G.:—

I AM directed to acknowledge the receipt of your endorsement, No. 1,246, dated 4th May 1875, and in reply to state that, under the circumstances of the case, the Government of India is pleased to confirm the orders issued by the Government of Madras for the adjustment of the sum of Rupees 25,000, required to provide for an increase to the capital of the Dowlaishweram Workshops during 1874-75.

2. I am however to point out the unadvisability of trusting to the chance of there being savings at the end of a year so as to provide for charges for which there may be no budget provision during that year, and to request that in future measures may be taken to have an estimate prepared every year for the Dowlaishweram Workshops, and to provide regularly for any increase to the capital or loss in working, which may be likely to occur, out of the grant for Irrigation Works. If possible provision should be made for any expected charges in the budget estimate itself, so as to prevent the operations of the year being disbursed by re-appropriations of budget credits.

No. 261. ORDER THEREON, 9th July 1875, No. 1,943.

ACCOUNT, No. 9.

COMMUNICATED to the District Engineer, Godavery, and to the Controller of Public Works Accounts.

2. In future years provision must be made in the budget for probable increase or decrease of capital both on account of the Dowlaishweram as well as the Presidency Workshops, the latter appearing in the Provincial Budget. In the current year the District Engineers concerned will make the necessary provision in the Statements of Savings and Demands.

(True Extract.)

Major, R.E.;

Offg. Joint Secretary to Government.

To the District Engineer, Godavery.
