*Proceedings of the Madras Government, Public Works Department,
12th July 1875.*

No. 325. Read the following letter from Major J. BEATTY, R.E., District Engineer, Godavery, to Lieutenant-Colonel J. MULLINS, R.E., Officiating Secretary to Government, Public Works Department, dated Dowlaishweram, 14th June 1875, No. 863:—

I HAVE the honor to forward, herewith, an appeal from Supervisor R. S. Harris, praying for a reconsideration of the condemnatory order passed upon him by Government in his capacity of sub-divisional and subsequently temporary Range Officer in the Bellary District. The Order referred to was G. O., No. 282, dated 2nd February 1875.

From Mr. R. S. HARRIS, Supervisor in charge Northern Sub-division, No. 1 or Eastern Delta Range, Godavery, to the Officer in charge No. 1 or Eastern Delta Range, Godavery, dated Dowlaishweram, 31st May 1875, No. 135.

IN respectfully acknowledging the receipt of a copy of G. O., No. 282, dated 2nd February 1875, I most humbly beg to appeal to Government for a reconsideration of their order, the severe censure of which I humbly beg to protest against.

2. In the correspondence before Government, in connection with the work of "constructing a Cutcherry at Yemiganoor in the Adoni Taluq, Bellary District," I beg to submit that there is no evidence of my having been culpable of neglect of duty, nor of the District Engineer having considered me blameable for the delay of progress of that work during the period I held temporary charge of the Gooty Range.

3. I do not wish to trespass on the valuable time of Government, but feeling convinced that Government will not allow a servant of their's of 21 years' service to fail for the want of a hearing, I beg to present my appeal in as brief a manner as possible.

4. Considering the work as it stood when I assumed charge of the range, and of which the District Engineer is well aware, I beg to submit that nothing could be done towards facilitating progress until I inspected it; and in proof that I could not possibly inspect it before I did, I beg to quote my diaries for August, September, and October 1874, a concise extract of which I beg to append.

5. Moreover, from the District Engineer's second letter I beg to show that the circumstances in which the work in question was involved when I assumed charge of the range were so much beyond control, that although I did inspect it and submitted the report called for by the District Engineer, that officer could neither move in the matter till the return of the Range Officer from leave, nor could anything be done till two months after.

6. Under these circumstances, I humbly beg Government will reconsider their order and, holding me exonerated from any blame, remove the stigma cast by it on my departmental character.

No. 326. ORDER THEREON, 12th July 1875, No. 1,971.

ESTABLISHMENT, No. 29.

THE Honorable the Governor in Council must decline to reconsider the order referred to.

2. It is evident that the Overseer mismanaged the work, and that the Range Officer failed to prevent such mismanagement.

(True Extract.)

Major, R.E.,

Offg. Joint Secretary to Government.

To the District Engineer, Godavery.

Sir
In respectfully acknowledging the receipt
of a copy of G. O. No 282 dated 2nd February 1875
I must humbly beg to appeal to Government
for a reconsideration of their order, the severe
consequences of which I humbly beg to protest
against.

In the correspondence before Government,
in connection with the work of "Constructing
a butchery at Yemmiganur in the Adoni Sa-
loke Bellary District." I beg to submit that
there is no evidence of my having been culpable
of neglect of duty, nor of the District Engineer
having considered me blameable for the delay
of progress of that work during the period I
held temporary charge of the Gooty Range.

I do not wish to trespass on the valuable time of Government but feeling convinced that Government will not allow a servant of thirty of 21 years service to fall for the want of a hearing, I beg to present my appeal in as brief a manner as possible.

Considering the work as it stood when I assumed charge of the Range, and of which the District Engineer is well aware, I beg to submit that nothing could be done towards facilitating progress until I inspected it; and in proof that I could not possibly inspect it before I did, I beg to quote my diaries for August, September and October 1874 a concise extract of which I beg to append.

Moreover from the District Engineer's second letter I beg to show that the circumstances in which the work in question was involved when I assumed charge of the Range were so much beyond control, that although I did inspect it and submitted the report called for by the District Engineer, that Officer could neither move in the matter till the return of the Range officer from leave, nor could any thing be done till two months after.

Under these circumstances I humbly beg Government will reconsider their Order and

holding me exonerated from any blame, remove the stigma cast by it on my Departmental Character.

I humbly beg to remain
Sir

11th August: assumed charge of Gooty Range.

12-16 Engaged in inspecting works under execution in and about Gooty, acquainting myself with Range records in connection with the list of unanswered references and in measuring up work towards adjusting claims by Petty Contractors who appealed to District Engineer.

17 - Proceeded to Anantapore (32 miles) measuring up work along Bangalore High Road.

18-20 Engaged in measuring up work in and about Anantapore, and in instructing the Overseer (recently appointed) with a view of putting him in a fair way of working, during my intended tour through the Gooty, Alloor and Adonis Talooks.

21 - Proceeded to Gooty to meet District Engineer, in obedience to orders received previous evening.

22 August to 3rd September. In attendance on District Engineer's inspection of works in a portion of the Range.

4-9 Engaged on inspection of a Tank under repairs and general duty with Talook Overseer of Anantapore.

10 As appointed attended District Engineer on his inspection of Grunk Road No 18.

11-16 With District Engineer encamped near each

bank of Pennair River, it being impassable
from heavy floods.

17-21 Engaged on breached Tanks and
others in danger from unusually heavy falls
of rain

22-24 Enroute Ladipatry, there being no other
way of getting to Gooty and no correspondence
having reached from Range Office.

25. To Gooty, by Rail.

26. at Gooty, attending to office duties.

27 To Gootacul by rail, Camp not having
