Dated	21-7-	195

Not to be folded or roughly handled

12

*Proceedings of the Madras Government, Public Works Department,
21st July 1875.*

Read the following papers —

No. 516. From Captain J. L. L. MORANT, R E, District Engineer, Nilgiris, to Lieutenant-Colonel J. MULLINS, R E, Officiating Secretary to Government, Public Works Department, dated Ootacamund, 4th June 1875, No 133

I REGRET having to report on the conduct of Overseer P. Dorsey under my charge.

2. I warned him that I would on the 13th of April last inspect at Kotergherry his cash-book and vouchers. On that date I found his cash balance in the book to be Rupees 87-0-2. As some of the entries appeared to me questionable, I asked Mr. Dorsey several times, in the presence of my Head Accountant, whether they were *bona fide*, &c, Mr. Dorsey as often assured me positively that they were

3 On the succeeding day I went over the Kotergherry Ghaut, when certain coolies complained that they had not received their pay for the month of March. This led to inquiries, when I discovered that the following entries in Mr. Dorsey's cash-book were false.—

Out of a roll for work done in March	...	...	...	...	Rs	A	P
Do do do.	...	...	...	...	76	5	0
A full roll for work done in March	...	...	...	...	30	0	0
					304	9	0
					410	14	0

Thus instead of having only Rupees 87-0-2 in his hands he should have had Rupees 197-14-2.

I at once closed his cash-book and took it away, and ceased to allow him to continue a disbursing agent.

4. On the 19th ultimo I was at Wellington, inquiring into certain moneys that had been received by Mr. Dorsey from private parties at Wellington for work done for them by this department. I found that Mr. Dorsey had from time to time, during the past three months, received money to the amount of Rupees 180-10-9, not one single anna of which had been shown in his accounts, nor had any intimation been given to this office that it had been received.

5. I may add that I have found Mr. Dorsey singularly untruthful in his statements to me on very many occasions. One instance will suffice. Serjeant Morrison of the Sappers and Miners, working under Mr. Dorsey's orders, was recently court-martialled for insubordinate language to me. At his trial Serjeant Morrison called Mr. Dorsey as a witness. After the trial was over Captain Winterbotham, the prosecutor and Officer commanding the Company, told me that Mr. Dorsey had on oath testified that I had given him certain instructions regarding Serjeant Morrison. Mr. Brace, a planter, was standing by, and at once said that was not true, that my instructions in his hearing were on that occasion quite different. On taxing Mr. Dorsey with this afterwards, he prevaricated and said he did not intend to state my exact order but "words to that effect". The point was one not bearing in the least on the charge for which Serjeant Morrison was tried, so it was not investigated further. But Mr. Dorsey on that occasion committed perjury.

6 He has shown himself in many other ways a singularly incompetent subordinate. He cannot express himself even intelligibly in the English language. He is very neglectful in checking work, and untidy and irregular in keeping his note books.

*Proceedings of the Madras Government, Public Works Department,
21st July 1875.*

He is quite unfit to be placed in independent charge of any work and requires constant looking after. I have strong reasons to believe him to be dishonest, but have not as yet been able to lay hold of more than I have mentioned above.

7. On the 24th May 1875 I called upon Mr Dorsey to explain his conduct, but several days have passed without his explanation being received. I therefore submit this report

No 517 From the same Officer, dated Ootacamund, 5th June 1875, No 135
ABSTRACT — Informing that the Cantonment Overseer, Mr Dorsey, has been relieved of the Wellington Cantonment works on account of his unfitness and solicits the favor of Government to furnish with a new subordinate.

No 518 From the same Officer, dated Ootacamund, 5th June 1875, No 137.
ADVERTING to my letter, No 133 of the 4th instant, I have the honor to submit Overseer Mr Dorsey's explanation since received.

From Mr P DORSEY, Overseer, Public Works Department, to Captain J L L MORANT, R E, District Engineer, Nilgiris, dated Kotergherry, 2nd June 1875, No 3
With reference to your dockets Nos 173 and 182, of 24th and 25th ultimo, respectively,

Rs	A	P
237	5	0
301	9	0

relating to the cash account and cash balance of March 1875, I beg to inform you that the marginally noted rolls were only entered to reduce my cash balance at the end of the month, yet not actually paid to the laborers, the said sum being expended in paying wudders, &c, as advances, with a view that no sooner their work be completed the same to be recovered from them and paid to the coolies; under these circumstances I beg to state the full amount was not with me, and was the cause of this irregularity in the entry, of which I also personally informed you on being asked.

2 As the work was proceeding on slowly, by the wudders leaving their work on a Saturday and returning to it about the middle of the following week, and actually only turning out 10 or 12 days work in the month, I took the responsibility of giving them advances in lieu of the Contractors, which made them work better, and the result, I presume to state, was that I have been able to do as much of the work towards its completion.

3 The cause of the advances to wudders, &c, are also owing to the fact that the Contractors are not always on the works, nor do they make advances to their work-people in time, so that they leave their work and go in search for the Contractor, by which they spend a few days, then they leave for their villages and stay there for a few days, and then they return.

4 I have also expended money as advances for laborers, &c, on Wellington works, as needed only.

5 Regarding the expenditure of the amounts with me, I beg to submit a statement with this, and also beg to inform you that the sum of Rupees 175 was not afterwards paid to the merchant as purposed, he having failed to come up with the list of purchases by coolies, so that this and with the cash balance handed over to me, viz., Rupees 87-0-2, I beg to state enabled me to advance wudders and others.

6 I further beg to state that the recoveries for private work done were from time to time forwarded to me by the writer, and, in like manner as the above sums, were expended for advances.

7 As you were also anxious to have the grant road opened by the end of March, I beg to state that I tried my very best to do so, and that the steps I took were in good faith, which were the only means of pushing on with the work, and I therefore beg and trust that this my explanation will meet your kind approval.

*Proceedings of the Madras Government, Public Works Department,
21st July 1875.*

No 519.

MEMORANDUM.

No 80.

As from the letters as per margin from the District Engineer, Nilgiris, and from Mr. Overseer Dorsey's explanation, dated 2nd June, submitted by that officer, Nos 133, 135, and 137, it is clear that the Overseer falsified his accounts, and that he is not trustworthy, his relief from his duties in connection with the Wellington barracks is approved, and he will be reduced to the 2nd grade, and be placed immediately after Overseer P. Konniah in the Gradation List.

2 Mr. Conductor Power, being a Supervisor in charge of a range, cannot be transferred to the Nilgiri District, and the following postings are ordered —

Overseer Dorsey to the Coimbatore District.

Do J Kelly from the Coimbatore to the Nilgiri District

Do Dorsey to join the ~~Nilgiri~~ District forthwith

(Signed) JOHN MULLINS, Lieut -Colonel, R.E,
Offg. Chief Engineer, P W D

15th June 1875.

No. 520. From Captain J. L. L. MORANT, R E, District Engineer, Nilgiris, to Lieutenant-Colonel J. MULLINS, R E, Officiating Secretary to Government, Public Works Department, dated Ootacamund, 30th June 1875, No. 155.

With reference to your memorandum No 80 of the 15th instant, I have the honor to inform you that Overseer Dorsey has been ordered to join the Coimbatore District. But I regret to have to report that he has unaccounted for Rupees 156-3-9 out of the Government money which remained in his hands as reported in my letter No. 133 of the 4th instant. In addition to this, on my taking charge of his tools and plant and stock, I find a deficiency to the value of Rupees 231-8-0 as per list attached, this sum being arrived at by charging the tools at half rates. He has, moreover, unauthorizedly, and without any reference to me, supplied a tradesman at Wellington with Government articles, such as timber, &c, the value of which I have been unable to recover from the tradesman. I enclose a copy of the bills, which amount to Rupees 202-4-6.

I have not paid Overseer Dorsey his pay for May nor for the current month. Orders are respectfully solicited.

No 521.

ORDER THEREON, 21st July 1875, No 2,071.

ESTABLISHMENT, No 50

It appears from the District Engineer's report that on relieving Overseer Dorsey of his charge the following deficiencies were ascertained. —

	RS	A	P
Cash	156	3	9
Value of tools and plant missing	231	8	0
	387	11	9

also that materials of the value of Rupees 202-4-6 have been supplied by him without authority to tradesmen at Wellington. Also from the District Engineer's letter

*Proceedings of the Madras Government, Public Works Department,
21st July 1875.*

No 133, of the 4th June, it is apparent that the entries in Mr. Dorsey's cash-book on account of payments to coolies were in several instances false, and that moneys received by him to the amount of Rupees 180-10-0, for work done by the department for private persons, had not been brought into the accounts or any report of their receipt made. Mr Dorsey's explanation, dated 2nd June, of his conduct leaves no room for doubting the correctness of the conclusions arrived at by the District Engineer on an examination of the Overseer's accounts, and the Honorable the Governor in Council, being of opinion that Mr Dorsey is untrustworthy, in supersession of the Officiating Chief Engineer's reduction of this Overseer to a lower grade, directs his dismissal from the department.

2 The deficit in the Overseer's cash-chest will be adjusted out of the balance of pay due to Mr Dorsey, that of tools and plant will be written off

2nd June 1875

To
Captain J. L. L. Morant R.E.
Richards Ensign
Milgherrie

Sir With reference to your despatch
No. 178 of 24th Feb. 1875. Return
respectively, relating to the Cash account
and Cash balance of March 1875. I beg
to inform you that the marginally
noted rolls were only intended to reduce
my Cash balance at the end of the
month, but not actually paid to
the Colours, the said sum being spent
in paying the duties, &c., as an account
with a view, that as soon as they would
be complete, the same to be recovered
from them, and paid to the Colours. Under
these circumstances, I beg to state, the
full amount was not with me and was
the cause of this irregularity in the
entry, of which I also personally
informed you, on being asked.

The work was finished
slowly, by the woodmen having been
on a Saturday, and returning to the
middle of the following week, and
actually only turning out a small
amount in the month. I beg to inform
that the same was not

2/11 2/11 2/11
2/11 2/11 2/11

Of the Contractors, which made
them work better, and the result
I presume to state, was, that I have
been able to do as much of the work,
towards its completion.

3. The cause of the advances to
Modders &c, are also owing to the fact
that the Contractors are not always on the
works, nor do they make advances to
their work people in time, so that they
leave their work, and go in search for the
Contractor, by which they spend a few
days, then they leave for their villages &
stay there for a few days, and then they
return.

4. I have also expended money
as advances for labourers on
Wellington works, as needed, viz.

5. Regarding the expenditure of the
amounts with me, I beg to submit a
statement with this, and also beg to inform
you, that the sum of £2,175 was actually
paid to the Contractor as proposed,
he having failed to come up with the list
of purchases by Coolie, so that this amount
the Cash balance handed over to me
viz Rs 2175. I beg to state that I have
me to advance for the same.

6. I further beg to state that the
recovery for the same was made
from time to time, and was
by the Contractor, and was
the above sum was paid to me
for the same.

to have the Great road opened by
the end of March, I beg to state,
that I made my very best to do
so, and that the steps I took were
in good faith, which were the only
means of pushing on with the work,
and I therefore beg, and trust, that
this my explanation will meet
your kind approval.

I beg to remain

John A. Dorsey
Quartermaster

Remarks by District Engineer

The explanation of Quartermaster Dorsey is to me unintelligible. It appears to be, if I understand it rightly, absolutely false. The Tools etc. at Wellington were taken over from Quartermaster Dorsey by the Captain, Assistant now in charge of the barracks in the presence of my clerk and of the Quartermaster's writer. Mr. Dorsey was at Wellington during this taking over and initiated the list giving the numbers painted at Wellington. He then said the rest of the tools etc. were at Pahorahua and other places. But on numbering the articles these deficiencies were found in the numbers given by Quartermaster Dorsey. After the whole taking over was completed the list of deficiencies was made out. A written explanation was demanded of Quartermaster Dorsey and I went over each item very minutely with Mr. Dorsey in the presence of my Clerk and my clerk striking off some of the articles for which satisfactory explanations were given. This rough paper is attached. At this work Quartermaster Dorsey to explain the deficiencies still left. He could not do so. At last when I found that nothing could be got out of Quartermaster Dorsey in the way of explanation I said the matter must be reported to you and he must write down anything he had to say. He then writes what, I believe, is quite false. To hint of this was given during my personal investigation.

With reference to your Memorandum

No 82 of the 16th Instant I have the honor

to inform you that Mr Wasey has been
ordered to join the Coimbatore District.

But, I regret to have to report that he has
unaccounted for Rs 156.00 out of the
Government money which remained in his
hands as reported in my letter No 133 of
the 1st Instant. In addition to this on
my taking charge of his Tools & Plant &
Stock I find a deficiency to the value of
Rs 231.8.0 as per list attached, this sum
being arrived at by charging the Tools at

half

half rates. He has moreover unauthorizedly and without any reference to me supplied a tradesman at Wellington with Government articles such as Timber &c, the value of which I have been unable to recover from the Tradesman. I enclose a copy of the bill which amounts to Rupees 202-14-6

I have not paid Overman Dorey his pay for May nor for the current month. Orders are respectfully solicited.

I have the honor to be

Yours most obediently

James Morant Captain &c

District Engineer.

Proceedings of the Madras Government
Under date the 17th 1875

Read the following

From The Dist. Engr. Melghumia. (H.C. No. 133 of 4th June 1875)
" " " " " (" " 135 " 5th " ")
" " " " " (" " 137 " 5th " ")
Memo by Chief Engineer } (H.C. No. 20 of 15th June 1875)
From Dist. Engr. Melghumia. (" " 155 " 30th " ")

It appears from the District Engineer's report that on reviewing Officer Dorey of his charge the following deficiencies were ascertained

I conclude the Chief Engineer is satisfied that Messrs Dorey has not been guilty of actual dishonesty. & for this reason I do not interfere with the proposed arrangement otherwise I should doubt the propriety of his being retained in the dep't. R.A.E

Cash	Rs 156-3-9
Value of tools and Plant missing	231-8-0
	387-11-9

also that materials of the value of Rs 202-4-0

have

have been supplied by him without authority to tradesmen at Wellington. It is observed that the bills for the latter amount are not dated. If the tradesmen admit the claim probably the bill will be paid, if not Mr. Dorey's responsibility will be enforced.

2. The deficit in the cash chest must be made good in 12 instalments, of which the first and second will be deducted from pay chee.

3. As under the orders of the Offg Chief Engineer Mr Dorey has

been given the responsibility of the deficit in the cash chest. It is observed that the bills for the latter amount are not dated. If the tradesmen admit the claim probably the bill will be paid, if not Mr. Dorey's responsibility will be enforced.

being given in that Mr Dorey is responsible for the deficit in the cash chest. It is observed that the bills for the latter amount are not dated. If the tradesmen admit the claim probably the bill will be paid, if not Mr. Dorey's responsibility will be enforced.

has been reduced to a lower grade, authority is given for writing off the deficient tools. 4. Overseer Dorey will clearly understand that any further instance of gross carelessness or inattention will result in his dismissal from the Department.

Proceedings of the Madras Government
Under date the 18th 1875

Read the following

From
The Dist. Engr. Malgumis (H. No. 133 of 4th June 1875)
— do — do — (No. 135 of 5th —)
— do — do — (No. 137 of 5th —)
Memo. by Chief Engr. P.M.D. (No. 80 of 15th —)
— Dist. Engr. Malgumis (No. 155 of 30th —)

Gt No. 2074 of 21st July 1875

It appears from
the District Engineer's
report that on relieving
Overseer Dorey of his
charge the following
deficiencies were ascer-
tained.

Cash R 158-3-9
Value of tools & } 231-8-0
Plant missing }

387-11-9

also

JS

md
1577

also that materials of
the value of Rs 203-4-6
have been supplied by
him without authority to
travellers at Wellington.
Also from the District
Engineer's letter No 133
of the 4th June it is ap-
parent that the entries
in Mr. Dorsey's cash
book on account of pay-
ments to coolies were in
several instances false;
and that money received
by him to the amount
of Rs 80-10-9 for work
done by the Dept for
private persons had not
been brought into the
accounts or any report
of their receipt made.

Mr.

Mr. Dorsey's ²⁰⁷ explanation,
dated 2nd June, of his
conduct leaves no room
for doubting the correct-
ness of the conclusions
arrived at by the District
Engineer on an examina-
tion of the Overseer's accounts,
and the Honble the
Governor in Council, being
of opinion that Mr. Dorsey
is untrustworthy, in
superseption of the
offg. Chief Engineer's
reduction of this overseer
to a lower grade, directs
his dismissal from the
Dept.

2. The deficit in the
Overseer's cash chest
shall be adjusted out

of

of the balance of pay.
 due to Mr. Dorsey; that
 of Tools and Plant will
 be written off.
