*Proceedings of the Madras Government, Public Works Department,
23rd July 1875.*

No. 571. Read the following letter from J. D. GRANT, Esq., Officiating District Engineer, Tinnevely, to Lieutenant-Colonel J. MULLINS, R.E., Officiating Chief Engineer, Public Works Department, dated Palamcottah, 1st July 1875, No. 44.—

CONSEQUENT on the Streevilliputur Sub-division being held in abeyance, as approved in G. O., No. 1,291, of the 7th May 1875, I have the honor to suggest for your consideration the advisability of transferring the head-quarters of the range from Covilputty to Streevilliputur.

2 Covilputty was selected for the head-quarters at a time when the Ottapedarum taluq formed part of the range. This taluq is now, however, included in the Tinnevely Range, and as the Sub-division Officer is removed, the situation of Covilputty becomes inconvenient for the head-quarter's station.

3. The most important work is in the Streevilliputur taluq and at a distance from Covilputty, and as there is an office and house for the Range Officer at Streevilliputur, I would beg to request sanction to the change, at all events till it is found necessary to provide a Sub-division Officer for both the Shermadevi and Northern Ranges.

No. 572. ORDER THEREON, 23rd July 1875, No. 2,097.

ESTABLISHMENT, No. 55.

As it is reported that the Northern Range of the Tinnevely District can be more conveniently worked, during the temporary abeyance of the sub-division, if the head-quarters be moved from Covilputty to Streevilliputur, and as at the latter place there is both an office and a house for the Range Officer, the transfer is sanctioned.

Sir,

Consequent on the Strevelle
putur Sub Division being held in
abeyance, as approved by O N 1294
of the 7th May 1875 I have the honor
to suggest for ^{your} consideration, the ad-
visability of transferring the Head
Quarters of the Range from Kovilpatty
to Strevelleputur.

2. Kovilpatty was selected for the
Head Quarters at a time when the At-
tached Taluk formed part of the Range.
This Taluk is now however included in
the Tinnevely Range and as the Sub-
Division Officer is removed, the situ-
ation of Kovilpatty becomes inconve-
nient for the Head Quarters Station.

3. The most important work is in
the Strevelleputur Taluk and at a dis-
tance from Kovilpatty and as there
is an office and house for the Range
officer at Strevelleputur I would beg

to request sanction to the change, at all
events till it is found necessary to
provide a Sub-Divisional Officer for both
the Chermadeni and the Kottam ranges.

I have the honor to be
