Colonel G. J. Roberts R. E.
Superintending Engineer
Chingleput District

Respected Sir,

I respectfully beg to bring to
your notice that through your kindness, I was
exempted from passing the Unconvenanted Civil
Service Examination in G. O. No. 2201 of 4 Sept
1873 and that since then I have been drawing
the increased salary (Rs 30) which sum was the
pay of the 2nd Assistant and the alteration of the
Range Estab. which was from 2nd to 1st class

Shortly after the order of

Government referred to above was passed, I wrote
for your sanction, as Head Accountant in
No. 1 Range, during the absence on leave of the
permanent incumbent, and got the regular
deputation allowed, as I did the work required
of me with credit, and to the satisfaction of the
Range Officer, so that when an extension of leave
was granted to the Head Accountant I continued
to act for him on his return I reverted to my

most of 2^d Accountant and since she have had
no prospects of being promoted, as there were
no vacancies in the Department in this District.

The reasons given in my previous
application to you for not being able to pass the
examination, still holds good, as the frequent
journeys I have to make prevent my being able
to study regularly.

The Government, through
your recommendation, were kind to exempt
me from passing the examination to enable me
to hold my present post, but I wish to better
myself, and opportunities may offer themselves
by vacancies occurring, I beg will a min-
ute interest in my behalf, and our Govern-
ment to extend their kindness, and allow me
to hold better paid posts, under them in this
Department.

If Government are pleased to
exempt me from passing the examination, I
subordinate from being debilitated from travelling
when sufficient reason is shown by the officers
for so doing, so that the Government may be
favourably viewed under the circumstances.
I have stated

I have been 10 years in the Range
an Accountant, during which time, as a reference
to the administrative reports, Service registers &c
will show I have always done my duties well
and have been highly spoken of. For 3 years
before this, I was a volunteer in the Superin-
tending Engineer's Office, 4th Division, in the
Estimate Department, where I got a fair
knowledge of Plan-drawing, Estimating, and
work in general, when I was entertained in
the Temporary Establishment for adjustment
of Accounts for six months in 1865.

Sir,
10 July 1875

I beg to remain
Respectfully
Your most obedient
Humble Servant.
