No. 819.

MEMORANDUM.

THE return of tanks affecting the South Indian Railway in the Trichinopoly District is stated by the Officer in charge of the District to be probably complete as regards the number of tanks, but much has to be done as regards ascertaining the circumstances of the works, as will be seen on referring to the return; in which many important columns have been left blank. This is a much better plan, however, than making inaccurate entries, and as the number of tanks is small it may be hoped that the next half-yearly return will be fairly complete.
