*Proceedings of the Madras Government, Public Works Department,
28th July 1875.*

No. 771. Read the following letter from Messrs. HIGGINBOTHAM and Co., to the Hon. D. F. CARMICHAEL, Officiating Chief Secretary to Government, Fort St. George, dated Madras, 16th July 1875 :—

We have the honor to state, for the information of Government, that we are now engaged in bringing out a revised and improved edition of a Text Book on Building and Road Making for the use of officers employed in the Department Public Works.

2. It has, however, been suggested to us that the usefulness of the work would be increased if we could add " Dr. Nicholson's Report on the Analysis of Limes and Mortars of the Madras Presidency," and we accordingly beg you will bring this letter to the notice of the Governor in Council, with the view to our being granted permission to incorporate the report in question in the work above referred to, *and to be supplied with a copy.*

3. We may add that we were led to address the Secretary to the Engineers' Library on the subject, and received in reply a letter from Colonel Shaw-Stewart, R.E., stating that he had no power to grant permission, but that it would be necessary for us to apply to Government for the concession.

No. 772. ORDER THEREON, 28th July 1875, No. 2,185.
