Public Works DEPARTMENT

G.O. No. 2137-2137A Press
B.P. No. Mis:

Dated 28-7-195- . C875

Not to be folded or roughly handled

No. 794. Read the following Proceedings of the Board of Revenue, dated 14th April 1875, No. 919:—

With reference to G. O., dated 25th July 1872, No. 1,766, Public Works Department, the Board resolve to forward to Government a statement showing the actual return from irrigation in each district for Fasli 1283 (1873-74).

2. Implicit reliance cannot be placed on the figures entered in columns 13 and 14 of the statement under lands irrigated free of charge. In the first place it is not quite clear whether the area therein entered is that irrigated free of special charge for water, or whether it is land irrigated free of all charge, i.e., free of water-rate and free of quit-rent. The figures entered in these columns are taken from Enclosure E. to Jumma-bundi Statement No. 3, which was intended to show only lands irrigated free of all charge. The Collectors of Kistna, Bellary, and Kurnool enter no figures under these heads, while the Collector of the first-named district enters in his Canal Register 20,501 acres as Zemindari and Inam land irrigated free of water-rate and free of quit-rent. The Collectors are requested to report what the figures actually represent, and the Collectors of Kistna, Bellary, and Kurnool will also state why no area is entered under the head of free irrigation. The submission of the statement to Government, however, will not be delayed, as the entries in these columns do not affect the total revenue.

3. The statement does not as usual include the revenue on irrigated lands in South Canara, or quit-rents on irrigated Inam lands, for which information is not fully available. The Board, however, hope that next year they will be able to show the amount of quit-rent charged on Inam lands as irrigated.

4. The total amount of irrigated revenue is Rupees 192,32,465 against Rupees 201,35,083 in the preceding Fasli. The decrease is due to unfavorable seasons in the districts of Chingleput, North Arcot, South Arcot, Madura and Tinnevely.

5. No works of irrigation are maintained by Government in the districts of South Canara, Malabar, or Nilgiris.

(A true Extract.)

(Signed) H. E. STOKES,
Acting Secretary.

*Proceedings of the Madras Government, Public Works Department,
23rd July 1875.*

No. 794-A.

No. 772.

MEMORANDUM.

MEMORANDUM.

The statement of revenue due to irrigation for Fasli 1283 (1873-74) compared with that of the preceding year exhibits the following results:—

Description of Lands.	1873-74.		1875-76.	
	Extent.	Assessment.	Extent.	Assessment.
Government Lands	ACRES	RS.	ACRES.	RS.
Inam and Zemindary	3,959,069	193,07,132	3,853,360	184,22,749
	271,701	8,31,951	214,117	8,02,716
Land irrigated free of charge... { Inam ...	422,263	...	401,584	...
{ Zemindary...	110,020	...	81,827	...
Total ...	4,764,014	201,35,083	4,581,883	192,32,465

The decrease in the later year is in area	Acres	210,126
Revenue	Dupces	8,92,618

The remissions of the two years are as follow :—

			1872-73.	1873-74.
			Rs.	Rs.
On account of excess or failure of water	...	...	2,15,631	6,04,952
Other usual remissions...	...	...	7,49,745	9,21,368
On Board state that...	...	...		

The Board state that the decrease of revenue is due to unfavorable seasons in certain districts, but the increase under usual remissions has not been noticed.

The particulars of charges for the several districts are given in the subjoined statement, and the general result is as follows:—

					Acres.	Revenue.	Charges.	Per Acre.	Per cent.
1872-73	...	...	...	...	4,704,014	201,35,083	16,94,956	0 35	8 41
1873-74	...	...	...	...	4,583,883	192,32,465	18,60,470	0 46	9 67

It is certain from the estimates requiring the sanction of Government which have been reviewed in detail, as also from the numerous accidents which have occurred, that a vast number of the old irrigation works of the country need radical reformation, and that it will take many years to deal effectually with them.

200. No. 112. No. 472

Memorandum.

The statement of revenue due to irrigation for the year 1872-73 compared with that of the preceding year exhibits the following results:-

Description of Lands	1872-73		1873-74	
	Extent acres	Revenue Rupees	Extent acres	Revenue Rupees
Government Lands	2,787,660	173,881,132	2,253,260	151,227,499
Private and Proprietary	271,701	2,31,761	244,117	2,07,716
Land irrigated by Government	4,22,363		401,581	
Land irrigated by Proprietary	110,770		81,827	
	2,771,114	201,350,883	4,582,888	193,324,665

The decrease in the total extent is in area acres 510,136
Revenue Rupees 892,618

The remissions of the two years are as follows:-

	1872-73	1873-74
On account of excess or failure of water	2,45,031	604,982
Other annual remissions	7,48,765	7,24,368

The Board state that the decrease of revenue is due to insignificant reasons in certain districts, but the increase under annual remissions has not been noticed.

The particulars of charges for the several districts are given in the subjoined statement, and the general result is as follows:-

	Amount	Revenue	Change	per acre	per cent.
1872-73	4,771,114	201,350,883	12,94,756	0.06	8.04
1873-74	4,582,888	193,324,665	18,60,470	0.06	8.57

It is evident from the estimates requiring the irrigation of land which have been reviewed in detail as also from the numerous accidents which have occurred that a small number of the old irrigation works of the country are

need radical reformation and that it will take many years to deal effectually with them.
