*Proceedings of the Madras Government, Public Works Department,
29th July 1875.*

No. 807. Read the following letter from Lieutenant-Colonel J. H. M. SHAW-STEWART, R.E., Consulting Engineer for Railways, to Lieutenant-Colonel J. MULLINS, R.E., Officiating Secretary to Government, Public Works Department, dated Madras, 23rd July 1875, No. 409:—

I HAVE the honor to submit, for the sanction of the Government of India, an estimate, amounting to Rupees 12,155-2-0, of the cost of machinery in the Company's Stores at Perambore required to be issued for use in the Perambore Workshops.

			RS.	A.	P.
1 Crane, 28 tons	...	...	3,222	15	0
2 Expanders (tube)	...	...	225	8	0
2 Machines (drilling)	...	...	8,706	11	0
Total	...	...	12,155	2	0

2. The necessity for the several articles is thus explained by the Acting Locomotive Superintendent:—

"One Crane, 28 tons.—It is intended to use this crane for lifting and turning over boilers. The lifting, &c., is at present effected by the aid of screw jacks, which, however, is a lengthy, arduous, and expensive process. The use of the crane will be a measure of economy.

"Two Tube Expanders.—For use in caulking tubes. By the use of these expanders, it is anticipated that the work will be more expeditiously and economically executed.

"Two Drilling Machines.—For drilling tube plates, wheels, and other heavy work. These machines are required in consequence of the heavy and increasing repairs necessary to the rolling stock."

3. It is proposed to meet the expenditure from the provision in the Budget for 1875-76 under the head "Tools and Plant," Schedule C. The sanction will lapse on the 31st December 1875.

4. The above expenditure is not included in any of the half-yearly schedules submitted to Government.

No. 808. ORDER THEREON, 29th July 1875, No. 2,203.

RAILWAY, No. 80.

ORDERED that the estimate received with this letter be submitted for the sanction of the Government of India.
