*Proceedings of the Madras Government, Public Works Department,
4th August 1875.*

No. 54. Read the following letter from Captain J. W. HINDLE, Officiating District Engineer, Vizagapatam, to Lieutenant-Colonel J. MULLINS, R.E., Officiating Secretary to Government, Public Works Department, dated Waltair, 19th July 1875, No. 640:—

With reference to paragraph 1 of this office letter, No. 11 of 5th April 1875, reporting that the estimate for No. 2* was prepared and forwarded to the Board of Revenue, through the Collector, on the 24th March 1875, I have the honor to submit herewith, for your information, copy of a letter just received from the Collector of Vizagapatam, from which it will be seen that that officer is of opinion that the proposed improvement is not of an emergent nature, and that it should be deferred for the present.

From H. Sr. A. GOODRICH, Esq., Acting Collector of Vizagapatam, to Captain J. W. HINDLE, Officiating District Engineer, Vizagapatam, dated Vizagapatam, 16th July 1875, No. 1,246.

With reference to your letter No. 2,467, dated 24th March last, I have the honor to inform you that I have not submitted the estimate for constructing a new Taluq Cutcherry at Nursipatam, as the work is not, in my opinion, of emergent necessity as some other works in the district are. The demolitions proposed seem to be most wasteful, and the additions unnecessarily extensive. The work had better be deferred at all events for the present.

No. 55. ORDER THEREON, 4th August 1875, No. 2,248.

CIVIL WORKS, No. 4-A.

It is observed that although the Collector numbered the work, "Improvements to the Tahsildar's Cutcherry at Nursipatam," second in importance in the district on the 7th October 1874, he now states that it is not of emergent necessity as some other works in the district are. The District Engineer will therefore, in communication with the Collector, submit a revised list of works required, numbered according to their importance, with a view to the allotment of funds next year.

2. It should be stated at whose instance the estimate for improvements to the Nursipatam Cutcherry was prepared, of which the Collector remarks "the demolitions proposed seem to be most wasteful, and the additions unnecessarily extensive." Such estimates should invariably be prepared in communication with the Revenue Officers.
(True Extract.)

Major, R.E.,
Offg. Joint Secretary to Government.

To the District Engineer, Vizagapatam.

Sir,

Sir,
With reference to your letter No. 2467,
dated 24th March last, I have the honor to W.D.
inform you that I have not submitted the
estimate for constructing a new Salug Cut-
=cherry at Naripatank, as the work is not
in my opinion, of emergent necessity, as
some other works in the District are. The
demolitions proposed seem to be most
wasteful, and the additions unnecessarily
extensive. The work had better be deferred
at all events for the present.

I have the
 Signed ²⁷ J. B. Goodrich
 Acting Collector.

To
The Secretary to Government P.W.D.
Madras

Sir,

With reference to para 1 of this Office letter
N^o 11 of 5th April 1875, reporting that the estimate for
improvements to the
Chidambaram Cutcherry N^o 2 was prepared and forwarded to the Board of
Revenue, through the Collector, on the 24th March 1875,
I have the honor to submit herewith, for your
information, copy of a letter just received from the
Collector of Viragapatam from which it will be
seen that that Officer is of opinion that the pro-
posed improvement is not of an emergent nature and
that it should be deferred for the present.

I have the honor to be
Sir

Your most obedt. Servt.
