*Proceedings of the Madras Government, Public Works Department,
6th August 1875.*

No. 106. Read the following letter from Colonel C. H. DICKENS, R.A., Secretary to the Government of India, Public Works Department, (Account—Irrigation,) to Lieutenant-Colonel J. MULLINS, R.E., Officiating Secretary to the Government of Madras, Public Works Department, Irrigation Branch, dated Simla, 22nd July 1875, No. 217 A. I. :—

I AM directed to acknowledge the receipt of the Proceedings of the Government of Madras, No. 1,549, dated 2nd ultimo, regarding the financial position of the Madras Water-supply Project, and to say that the Government of India await the further report promised when the results of the present inquiries are known.

2. I am to suggest that it is expedient in cases of this kind, before accepting the conclusions of the Chief Engineer on matters of Account, to obtain some preliminary note from the Controller, by which the possibility of misconceptions and erroneous conclusions might be removed. Under ordinary circumstances, the Chief Engineer should, I am to observe, consult the Controller so as to make sure that his comments are supported by the facts of the expenditure, and if from absence on tour, or for other reasons, he cannot consult him, it would be but just and fit for the above reasons, and also due to the Controller's position as the head of another branch of the department, that the Chief Engineer should arrange that the Controller should have a proper opportunity of forwarding a note simultaneously with the Chief Engineer.

No. 107. ORDER THEREON, 6th August 1875, No. 2,275.

IRRIGATION, No. 1-D.
Account.

THE Honorable the Governor in Council observes that the occasion of the remarks in paragraph 2 of the foregoing letter from the Government of India is not understood, and apparently as much information as the Controller of Public Works Accounts was able to furnish was obtained from him. These Proceedings will, however, be communicated to the Controller for any remarks he may wish to make.

To Irrigation.

The Secretary to the Government of Madras
Public Works Department
Irrigation Branch
Trincomalee, 22nd July 1895.

Sir,

I am directed to acknowledge the receipt of the Proceedings of the Government of Madras No. 1549 dated 2nd ultimo, regarding the financial position of the Madras Water Supply Project, and to say that the Government of India await the further report promised when the results of the present enquiries are known.

2. I am to suggest that it is expedient in cases of this kind, before accepting the conclusions of the Chief Eng. in matters of account, to obtain

some preliminary note from the Controller by which
 the possibility of misconceptions and erroneous con-
 clusions might be removed. Under ordinary circumstances,
 the Chief Engineer should. I am to observe, consult
 the Controller so as to make sure that his comments
 are supported by the facts of the expenditure and,
 if from absence on tour, or for other reasons, he cannot
 consult him, it would be but just and fit for the
 above reasons, and also due to the Controller's position
 as the head of another branch of the department,
 that the Chief Engineer should arrange that
 the Controller should have a proper opportunity
 of forwarding a note simultaneously with the Chief
 Engineer.

Yours faithfully,
 (Signature)
