*Proceedings of the Madras Government, Public Works Department,
6th August 1875.*

No. 114. Read the following letter from Lieutenant-Colonel R. MURRAY, Officiating Director-General of Telegraphs in India, to Lieutenant-Colonel J. MULLINS, R.E., Officiating Secretary to the Government of Madras, Public Works Department, dated Simla, 28th July 1875, No. 1,568:—

WITH reference to Madras Government Proceedings, Nos. 609 and 610, dated 31st May 1875, the Collector of the Godavery District has intimated that suitable Government land will be available at Cocanada for the erection of a range of quarters for the Signallers at that station, and I have the honor to solicit that sanction may be accorded for the preparation of plans and estimate of cost of the proposed building, and that the work may be included in the schedule of Imperial Works to be executed in 1876-77.

2. In paragraph 4 of Major Beatty's letter, No. 473, dated 8th May 1875, to your address, the cost of the compound wall is estimated at Rupees 2,000 but unless there are any special local objections, it appears to me that a neat wire fence made of old telegraph wire might be erected at a trifling cost, which would answer all purposes.

No. 115. ORDER THEREON, 6th August 1875, No. 2,279.

CIVIL WORKS, No. 6-B.

COMMUNICATED to the District Engineer, Godavery, for submission of the necessary plans and estimates.

(True Extract.)

Major-General, R.E.,
Secretary to Government.

To the District Engineer, Godavery.
