No. 188-A. Do. do. „ 5th Jan. 1875, „ 15.

From the Honorary Secretary of the Monegar Choultry, to Lieutenant-Colonel
J. MULLINS, R.E., Officiating Chief Engineer, Public Works Department,
dated Madras, 15th June 1875.

As requested in your letter, No. 56, of the 4th instant, I have the honor to forward to you the only plan (to be kindly acknowledged and returned when no longer required) that is forthcoming from the records of the Choultry of the new shed Hospital Wards.

2. The other plans, as well as the estimates, would appear to be with Mr. Chisholm who is gone home on leave; but I may say that all the wards, with the exception of that of His Highness the Maharajah of Vizianagram, are of the same design and of almost the same dimensions.

No. 188-B. From Captain ROSS THOMPSON, R.E., Officiating Consulting Architect to Government, to Lieutenant-Colonel J. MULLINS, R.E., Officiating Secretary to Government, Public Works Department, dated Chepauk, 7th July 1875, No. 114.

In acknowledging receipt of your memorandum, No. 109, dated 24th June 1875, with copy of a letter from the Honorary Secretary of the Monegar Choultry, I have the honor to forward five copies of designs for Hospital Wards. No estimates are found among the records of this office.

No. 188-C. Proceedings of the Board of Revenue, through Financial Department, dated 15th July 1875, Miscellaneous No. 6,406.

From W. S. FOSTER, Esq., President of the Local Fund Board, Cocanada, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Cocanada, 26th May 1875, No. 53.

With reference to the Proceedings of the Board of Revenue, dated 6th April 1875, No. 827, I have the honor to forward, herewith, the plan and estimate prepared for constructing the dispensary at Ellore.

The plan and estimate, amounting to Rupees 6,200, for constructing a Civil Dispensary at Ellore are submitted for the approval of Government, with reference to their Order, Financial Department, dated 21st April 1875, No. 893.

No. 188-D. Proceedings of the Board of Revenue, through Financial Department,
dated 26th July 1875, No. 2,081.

From J. H. GARSTIN, Esq., President of the Local Fund Boards, South Arcot
District, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue,
dated Cuddalore, 20th May 1875, No. 46.

I HAVE the honor to submit an estimate for Rupees 8,400, accompanied by a
plan and specification, for constructing a Taluq Hospital with out-houses at Trina-
malay, and to request that the sanction of Government may be obtained for the same.

2. This estimate was submitted by the District Engineer some time in last year
at the request of the Local Fund Board, but was ordered to be lodged owing to want
of funds. The current year having opened with a large General Fund balance, the
Local Fund Board have resolved to have the work commenced in the current year, and
provision has accordingly been made in the Supplemental Budget.

3. I enclose a copy of the Local Fund Board's Resolution on the subject for the
Board's perusal.

South Arcot District, to H. E. STOKES, Esq., Acting Secretary to the
Board of Revenue, dated Cuddalore, 8th July 1875, No. 64.

WITH reference to the Board's Official Memorandum, No. 911, dated 11th ultimo,
I have the honor to state that the Local Fund Board of the Cuddalore Circle proposed
to build a dispensary at Trinamalay after the plan adopted for those at Villapuram and
Virdachellum, and, as this plan had already been approved by Government, the District
Engineer submitted only an estimate with a site plan.

2. I now, however, send the original plan of the building for reference, and
request that it may be returned with the above-mentioned estimate when sanctioned.

ENCLOSURE No. 1.—Plan.

THE plan and estimate, amounting to Rupees 8,400, for the construction of a
dispensary with out-houses at Trinamalay in the Cuddalore Circle will be submitted
for the sanction of Government.

2. The work appears in the Supplemental Budget for the current year with an
allotment of Rupees 3,000.

No. 188-E. From the Honorable J. G. COLEMAN, Secretary and Treasurer of the
Monegar Choultry, Madras, to Lieut.-Colonel J. MULLINS, R.E., Officiating
Chief Engineer, Public Works Department, dated Madras, 29th July 1875.

WITH reference to your letter, No. 233, dated 15th July 1875, paragraph 2, I
have the honor to forward an estimate (to be returned to this office) for an alms-house
to accommodate twenty-five paupers which, I trust, will give you the information
called for.

No. 189. ORDER THEREON, 10th August 1875, No. 2,317.

CIVIL WORKS, No. 11-A.

THE Honorable the Governor in
Council is of opinion that a building
more suitable to the wants of Municipal

Dispensaries and to the funds available for their erection would be obtained by a
modification of the arrangements adopted at the Monegar Choultry and Lock Hospital,
Madras, and the Officiating Consulting Architect will accordingly be instructed to
inspect the shed wards at those institutions and then to draw up a design and estimate
for circulation to Municipalities.

2. In each case in the central portion of the buildings there will be needed—

1.—A dispensary and store-room.

2.—A consulting-room which would also generally be available as an operat-
ing-room and which therefore should be well lighted.

3. The size of the wards on either side of the administrative rooms will depend
upon the number of patients to be accommodated, which will vary in different
Municipalities, but in each case two wards will be needed, and it will be well to estimate
for wards to accommodate, say, twelve patients, and to deduce therefrom the cost per
bed in larger or smaller wards. The width of the wards may be 18 feet, as in the
Monegar Choultry shed ward for twenty-five paupers.

4. The proper proportion of bath-rooms to beds should be ascertained from the
Medical Department. All bath-rooms should have open tile work. The proportion
of latrine room required should be similarly ascertained. Bath-rooms and latrines
should both be in detached buildings, which may be connected with the wards by
covered ways.

5. The estimate should be so prepared as to show distinctly the cost of the
administrative rooms, wards, bath-rooms and latrines, so that the expenditure needed
for buildings providing any required amount of accommodation may be readily

No. 13. Read the following letter from J. H. MASTER, Esq., President of the Municipal Commissions, Bellary, to the Hon. D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Bellary, 3rd November 1874, No. 115:—

With reference to the Proceedings of Government, dated 25th August last, No. 1424, I have the honor to forward, for sanction, a revised estimate, &c., for Rupees 20,000 for building a Dispensary with out-offices at Adoni.

2. The modifications in this estimate are the omission of four cottages, which the Commissioners are willing to forego, and the substitution of a flat roof for a tiled one, as good tiles are not procurable in this district.

3. The out-houses proposed to be built are specified in the report.

No. 14. ORDER THEREON, 5th January 1875, No. 15.

The intention of G.O., dated 25th August 1874, No. 1424, was to intimate to the Municipal Commissioners that the Government did not consider the Standard Plan to be suitable in any way to the town of Adoni.

2. A revised Standard Plan will be prepared by Mr. Chisholm in communication with the Surgeon-General and the Sanitary Commissioner, the Government being of opinion, on reconsideration, that the plan sanctioned in G.O., dated 8th October 1872, No. 1136, and G.O., dated 23rd November 1872, No. 1554, is defective on account of its inordinate expense.

Estimate of the cost of erecting a
New ward for the Muegar Choultry

It is proposed to erect the New ward to the west of the Choultry compound after taking down only so much of the existing building as may be necessary. When one ward is complete and occupied more of the old building will be dismantled and another new one commenced.

The Mainry will be brick
in Chumam throughout. The roof will
be tiled, the floor laid with tiles,
and the timber of Teak.

My dear Mullins

It has been picked to
circulate this plan - as a
standard for Municipal
Dispensaries - I do not think
it very good. I prefer the
shed wards at the Money for
Chantry. Can you get us the
plans & estimates of these
new wards from the Hong Kong
Government

Dear Mr. C.
The Sept Order No 104 of 13 Jan 70
has been received, but cannot be used
the papers transferred to P.M. Dept. for
disposal. The disposal is £20.20/-
and the balance is quite in line
with the other. I am afraid
the paper must be re-printed.

Sir

I have the honor to return the
tracing of the Alus house obligingly
forwarded with your letter of the

Sir

As requested in your letter No 56
of the 4th Instant, I have the honor
to forward to you the only plan
(to be kindly acknowledged and
returned when no longer required)
that is forthcoming from the records
of the Choultry of the New Shed
Hospital

Hospital Wards.

The other plans as well as the estimates would appear to be with Mr. Chisholm who has gone home on leave, but I may say that all the wards, with the exception of that His Highness the Maharajah of Vizianagram, are of the same design, and of almost the same dimensions.

I have &c

Memo
No 109

Copy of the above forwarded to the Dist. Eng^r Presidency, with a request that he will be good enough to have the plans and estimates of the New Sub Hospital wards looked up & copies transmitted to this office, on the plan print by the Hon^y Secy the building is described to be an Alms house to contain 25 paupers.

My dear Fitzsimons

G.O. 10 August N^o 2317 - en-
closed - is giving us trouble here.
The Financial Order is said by
Mr. Hammett to be a mistake & the
P.W.D. requested to omit it. See
first page - pencil - Mr. Cardozo
says he will get it reprinted
omitting the mistake, but that
G.O. 15 January last N^o 15 is
read & that ~~the mistake~~
~~is~~ - Mr. Parsons in his note
says to Mr. C. says "N^o 15 of 25
Jan'y 75 never was issued but
cancelled & papers transferred"

My dear French,

Parsons says he never
wrote to say that 5-Jan 75
No 15 was cancelled.
but that meant our
enclosure in P.S. G.D.
10 Aug. 1875. Lh. is the
one cancelled.

Yours truly

to P.M. D. for disposal." I don't
not at all understand this.
No 15 was issued & there is
nothing to show it was
cancelled. Please see above
P. & let me know what
is to be done really. This
Gordonian knot I leave you
to untie.

Hoping you are
all well.

Yours truly
J. French

Proceedings of the Madras Government

Under date the 10th Aug^t 1875.

Read the following

The Hon^{ble} the
Governor in Council is
of opinion that a build-
ing more suitable to
the wants of Municipal
Dispensaries and to the
funds available for their
erection would be obtain-
ed by a modification of
the arrangements adopted
at

at the Monegar Choultry
and Lock Hospital,
Madras, and the offg.
Comm. Architect will
accordingly be instructed
to inspect the shed wards
at those institutions and
then to draw up a design
and estimate for cir-
culation to Municipalities.

2. In each case in
the central portion of
the buildings there will
be needed

1. A Dispensary and
Store room.

2. A Consulting room
which would also
generally be avail-
able as an operating
room and which there-
fore should be well
lighted

lighted.

3. The size of the
wards on either side of
the administrative rooms
will depend upon the
number of patients to
be accommodated, which
will vary in different
Municipalities, but in
each case 2 wards will
be needed and it will
be well to estimate for
wards to accommodate
say 12 patients, and to
deduce therefrom the cost
per bed in larger or
smaller wards. The
width of the wards may
be 18 feet as in the
Monegar Choultry shed
ward for 25 Paupers.

The

4. The proper proportion of bath rooms to beds should be ascertained from the Medical Dept. All bath rooms should have open tile work. The proportion of latrine room required should be similarly ascertained. Bath rooms and latrines should both be in detached buildings, which may be connected with the wards by covered ways.

5. The Estimate should be so prepared as to show distinctly the cost of the administrative rooms, wards, bath rooms

and

and latrines, so that the expenditure needed for buildings providing any required amount of accommodation may be readily computed by adding together the cost of the several parts deemed to be necessary in any particular Municipality.
