*Proceedings of the Madras Government, Public Works Department,
14th August 1875.*

No. 233. Read the following docket of the Government of India, Public Works Department (Account—Irrigation,) dated Simla, 5th August 1875, No. 228 A.—I.:—

Copy of the following forwarded to the Secretary to the Government of Madras, Public Works Department, Irrigation Branch, for information and guidance.

By Order,

(Signed) A. J. FILGATE, Major, R.E.,
Under Secretary to the Government of India.

EXTRACT paragraph 2 from a letter, No. 227 A.—I., dated 5th August 1875, from the Government of India, Public Works Department, to the Secretary to the Government of Bombay, Public Works Department, Irrigation Branch.

PARAGRAPH 2.—As regards the Sukkur Canal, it appears that while the amount sanctioned for the work by the Government of India is Rupees 8,16,399, the further sanctions accorded by the Government of Bombay have raised the total to Rs. 8,98,222, making an addition of Rupees 81,823, which is more than double the proportion of 5 per cent. which the Local Government is authorized to sanction for Extraordinary Works. It is true that in the present case the bulk of the outlay on the work has been met from the Ordinary Budget Grant, so that it might be held that the rules relating to Ordinary Works, under which Local Governments can sanction excess outlay to the extent of 10 per cent., may be applied. But I am to say that the Governor-General in Council considers that, under existing arrangements, if any portion of the expenditure on a project is being defrayed from Extraordinary, the rules relating to dealing with excess outlay under Extraordinary should be applied; and I am therefore to request that this may be done in the present case. The revised estimate for the Sukkur Canal, which the Government of Bombay have to submit with reference to paragraphs 9 to 12 of the orders on the Bombay Irrigation Budget Estimate for 1875-76, should embrace all the works the estimates for which have been sanctioned by the Local Government. The Government of India would be glad to be informed at once of the date on which this estimate is likely to be sent up.

No. 234. ORDER THEREON, 14th August 1875, No. 2,339.
