*Proceedings of the Madras Government, Public Works Department,
26th January 1875.*

Read the following :—

No. 486C. From District Engr., Madura, dated 26th Dec. 1874, No. 4,132.
No. 486D. From " " 11th Jan. 1875, " 4,177.

No. 486E. ORDER THEREON, 26th January 1875, No. 236-B.

CIVIL WORKS, No. 33B.

The subject of the above letters will be reported on by the Superintending Engineer, Lieutenant-Colonel Roberts, who is responsible for the estimate of Rupees 4,200 sanctioned in G. O., No. 303, of 7th February 1874, the proposed supersession of which by an estimate of Rupees 7,410 is most unsatisfactory, and requires explanation, especially as it is proposed to reduce the width of the court by one-seventh. It will be distinctly understood that the Government will not undertake to pay the extra cost involved by change of site at the request of the community of Madura, or of other materials than those originally proposed by the Consulting Architect, and not objected to by the Racket Court Committee. Hence, in submitting his report, Lieutenant-Colonel Roberts will also ascertain that the Committee will undertake to provide the cost of such extra requirements. Pending settlement of which matters, all work will be suspended.

2. Lieutenant-Colonel Roberts, who is now on leave at the Pulneys, will be considered to have returned to duty on his arrival at Madura.
