*Proceedings of the Madras Government, Public Works Department,
23rd August 1875.*

Read the following papers :—

No. 377. From Colonel E. A. FOORD, R.E., Superintending Engineer, Bellary, to Major J. O. HASTED, R.E., Officiating Chief Engineer for Irrigation, dated Bellary, 30th June 1875, No. 514.

WITH reference to G. O., No. 6, dated 2nd June 1875, I have the honor to request that an allotment of Rupees 1,290 may be provided to meet the payment of compensation therein authorized on account of lands taken up during the year 1867 for the restoration of the Yerrabomanhully Tank, Madakseerah Taluq.

2. The revised estimate of Rupees 8,518 for this work was sanctioned in G. O., No. 1,388, dated 4th June 1870, and the work is classed under "original" in the accounts.

No. 231.

REFERRED to the Controller of Public Works Accounts for report as to the arrangements under which funds should be provided to meet these old claims, his letter printed in Public Works G. O., No. 1,042, of the 15th April 1875, not showing how this was intended to be done.

OOTACAMUND,
7th July 1875.

(Signed) JOHN MULLINS, Lieut.-Colonel, R.E.,
Offg. Chief Engineer, P.W.D.

No. 377-A. From Captain L. CONWAY-GORDON, R.E., Controller of Public Works Accounts, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 17th August 1875, No. 69 W.

WITH reference to your endorsement, dated 7th July 1875, on letter from the Superintending Engineer, Bellary, No. 514, dated 30th June 1875, requesting this office to report on the arrangements which should be made to provide funds to meet old claims for land compensation, I have the honor to observe that under G. O., No. 1,042, of the 15th April 1875, such claims have to be paid by Collectors as soon as they are satisfied of the correctness of the claims submitted.

2. As it is hardly possible to foresee the extent of the claims that may be submitted during the year on this account, the best arrangement it appears to me would be for Government to make an allotment from time to time as required from the "Reserve" at their disposal, and meet any additional sum that may be required from the savings in the allotments given to the District Engineers.
