Very Rev Sir

I have the honor to bring to your notice
the accompanying copy of Proceedings of Government
about Church furniture, a wall, round the Church com-
pound and two doors one on the north and the other on the
South side of the Church

2 The Government in G.O. dated 23rd May 1871, N^o 140
ordered the correspondence to be communicated to the Supply
Engineer, 3rd Division with a view to the Submission of an
Estimate.

3 The Church furniture has been supplied, but the
wall and the two doors have not yet been undertaken.
These doors are urgently required, as at the present time
on account of the high winds the western door is closed
during service, and people have to go in and out of the
Church through the windows and the Verandah is still
used as a Chantry

Bellary July 1889

To

Chief Quarter P. Shreebuck
Commanding British District
Bellary

I have the honor to bring to your notice
that the work people and the Camp followers
at the European Barracks use the Veranda
of the Roman Catholic Chapel as a
choultry during the day and I fear they are
converted to worst purposes during the night.
I think a wall round the chapel as
necessary to prevent these abuses.

I have also to state that the fixtures
of the doors and windows are insecure,
and that the church requires some repairs
and fittings viz. a Pulpit, a gallery for the
Choir, an Altar for the Registrar, and
church furniture, Globes, and wall shades,
two doors are on the North and the other on
the South side

I trust you will have the goodness to recom-
mend the foregoing to the favorable consid-
eration of Government.
