

*Proceedings of the Madras Government, Public Works Department,
10th September 1875.*

No. 256. Read the following letter from Colonel F. J. MOBERLY, R.E., Superintending Engineer, Chingleput District, to Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation, dated Camp at Trivellore, 25th August 1875, No. 2,121 :—

REFERRING to paragraph 18 of my letter No. 1,819, dated 10th August, I have the honor to request your sanction to the
1 Bill for Survey Establishment for July 1875. enclosed bill for the Survey Establishment
1 Memorandum. employed in the Madras Water Works
1 Copy of a letter from the Executive Engineer, Mount Range, No. 615, dated 12th June 1875. Project for July 1875, in addition to the
amount sanctioned in G. O., No. 2,738, dated 29th September 1874. The accompanying memorandum shows the work turned out by the Surveyor during the last four months. I called upon Captain Smith for fuller explanation as to the necessity of the additional expenditure. The enclosed (No. 615, dated 12th June 1875,) is his reply. I ought to have submitted this application before the Surveyor's duties were continued throughout July, but from some mistake in my office the papers were set aside. For three days in June and for six days in July, the Surveyor was employed in estimating, though this is against paragraph 7 of your Circular No. 62, dated 18th May 1874, but Captain Smith states, "I was obliged to pursue this course or I never should have got the estimates in; I therefore request that an exception may be made in this instance." I have just received these estimates from the Range Officer, and will shortly submit them to you for approval.

No. 257. ORDER THEREON, 10th September 1875, No. 2,612.

IRRIGATION, Nos. 23 & 24.

Establishment.

RUPEES 90 in addition to the sum of Rupees 270, granted in G. O., No. 2,738, of the 29th September 1874, are sanctioned for surveys in connection with the

Madras Water Works project under Capital from provision for Survey Establishment.

(True Extract.)

Rs. 615 d/12th
June 1875

Sir,

Referring to para 8 of my letter
No. 1819 dated 10th August, I have the
honor to request your sanction to the
enclosed bill for the survey establish-
ment employed in the Madras
Water Works Project for July 1875, in
addition to the amount sanctioned
in G. O. No. 2738 dated 29th September
1874. The accompanying memo
shows the work turned out by the
surveyor during the last 4 months.
I called upon Captain Smith for
fuller explanation as to the necessity
of the additional expenditure. The
enclosed (Rs. 615 dated 12th June 1875
is his reply. I ought to have submitted
this application before the surveyor's
duties were continued throughout July,
but from some mistake in my office
the papers were set aside. For 3 days

in June and for 6 days in July, the Surveyor was employed in estimating, though this is against para 7 of your Circular No 62 dated 18th May 1874. But Captain Smith states, 'I was obliged to pursue this course or I never should have got the estimates in; I therefore request that an exception may be made in this instance.' I have just received these estimates from the Range Officer and will shortly submit them to you for approval.

I have the honor to be
Sir

Your most obedient servant
