Proceedings of the Madras Government, Public Works Department,
13th September 1875.

No. 291. Read the following endorsement of the District Engineer, Salem, dated Salem, 4th September 1875, No. 74:—

From Captain H. BAILEY, Executive Engineer, to Major J. N. HUNTER, R.E., District Engineer, Salem, dated Yeroomattoor, 27th August 1875, No. 611.

In June last, when returning to Oossoor from Morapoor by rail, I took a tent to Malloor, and of course had to take a lascar to look after it, the Controller of Public Works Accounts objects to pay the amount of the lascar's fare.* I have therefore the honor to request that you will be good enough to submit the charge for the sanction of Government, as I feel confident Government could not have intended Range Officers to pay fare for their lascars when they are travelling by rail themselves, and therefore only entitled to railway allowance.

* List of Disallowances enclosed.

2. Government have already, in G. O., No. 3,602, of the 22nd December 1874, sanctioned a similar charge; it might therefore be as well if you would kindly ask for a final order on the subject, and thus save the necessity for constantly troubling them on such petty matters.

One List of Disallowance.

Submitted for the favorable consideration of Government.

(Signed) J. N. HUNTER, Major, R.E.,
District Engineer, Salem.

No. 292. Order thereon, 13th September 1875, No. 2,629.

ESTABLISHMENT, No. 17.

It would appear to the Government that no special orders are required on these cases, as the Travelling Allowance Rules (No. 10 of Section III.) admit of payment of *double* 3rd-class fare to office servants ordered to travel. All that is required is that the Superintending Engineer (represented in this Presidency and for this purpose by the District Engineer) shall authorize the charge.
