No 477

His No 237 A of 17 Instant.

All that was intended
by this Office No 475 of 18 Instant was
that for the present no expendi-
ture should be incurred in the
out door gymnasium.

The Major General merely
wished time for consideration and
probably for reference to higher
authority. It is well known that
there is no power locally to stop
works sanctioned by Government
for execution. In a day or two the
District Engineer will be
informed whether the Major
General wishes to refer to higher
authority before the additions

to

to Gymnasia are proceeded with.
