WITH reference to paragraph 8 of my letter, No. 1,325, of 29th July 1875, I have the honor to forward herewith four lists of machinery, tools and plant of the No. VI., or Dumagudiem Range.

The lists marked A and B prepared by the Executive Engineer show articles now in store, those which it is proposed to retain for the use of the range, those available for transfer, and those which should be sold. 4. I also send a list marked E of floating stock now in a decayed state, some of which may be retained for use on the works, and the others should be sold off while they are of any value.
