Read the following letters :—

No. 352. From W. A. GOODCHAP, Esq., District Engineer, Kurnool, to Lieutenant-Colonel J. MULLINS, R.E., Officiating Secretary to Government, Public Works Department, dated Kurnool, 30th July 1875, No. 41.

I HAVE the honor to bring to your notice the difficulty experienced in getting passed men to fill vacancies in the District and Range Offices.

2. There are nine Overseer Writers drawing a salary of Rupees 15 per mensem; several of them are deserving of promotion, but unfortunately they are all unpassed men.

3. The men selected from the Taluq Writers for higher appointments in the department, such as extra Officer's Writer and Second Accountant of Ranges, are efficient, and perform their work to the satisfaction of their superiors. They do so, because they are fairly acquainted with the system of work in the department, and need very little training, if any, when promoted to higher appointments in the Range Offices.

4. Passed candidates who can get a place elsewhere, will not come to this department. They prefer to be volunteers in the Revenue and Judicial Departments, and wait for six months, and sometimes two years, to get an appointment on a salary of 15 Rupees per mensem, rather than accept an appointment in the Public Works Department on 25 Rupees offered to them at first starting.

5. With all the privileges and facilities in the Revenue Department, however, the Government have lately exempted, February 1875, a number of Clerks in the Collector's Office of this district, on the recommendation of the Collector, as it was difficult to get qualified men.

6. I lately advertised in the *District Gazettes* of Kurnool, Cuddapah, and Bellary, as well as in the *Fort St. George Gazette*, for an Accountant in the District Engineer's Office, the salary of which is 45 Rupees per mensem. I received very few applications for the post, and those were from schoolmasters and passed candidates who had never been in an office.

7. Passed candidates of this district do not avail themselves of employment in our department, as it is a fact that, out of twenty-one passed candidates from the Zillah School, Kurnool, during the last six years, only one applied for an appointment, and that in the District Office, on a salary of Rupees 25 per mensem.

8. As there are at present no less than six unpassed men holding appointments in the District and Range Offices, from 25 to 40 Rupees per mensem, and receiving only Rupees 19-8-0, I respectfully solicit permission to employ men on the Office Establishment of this district under the conditions granted in G. O., No. 1,293, dated 13th May 1874, with reference to Overseers, in order that I may be enabled to fill vacancies, as they occur, with practical and efficient men.

No. 353. From W. A. GOODCHAP, Esq., District Engineer, Kurnool, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Camp at Panium, 2nd September 1875, No. 45.

In submitting, as requested in your Memorandum, No. 390, dated 13th August 1875, a statement showing the names, former service, and personal qualifications of the individuals whom I recommend for exemption from passing the usual examination, I have the honor to inform you that the first five entered in the statement are of the total number six mentioned in paragraph 8 of my letter, No. 41, dated 30th July last. The other appointment of Second Accountant on 40 Rupees in the Cumbum Range has since been filled up on probation.

2. I beg also to submit, for your information, a list of casualties in this district from January 1875, and men obliged to give up their appointments on account of sickness during the year 1875.
