ESTABLISHMENT, No. 1.

It appears from the order above read that Mr. Hawksworth was ordered to be relieved by Lieutenant Boddy, R.E., of

the charge of the Dindigul Range in Madura and to be transferred to the Canara District. Lieutenant Boddy accordingly arrived at the head-quarters, Dindigul Range, on the 15th April, and having waited till the yearly accounts were despatched, commenced taking over charge on the 18th. He reported in his docket, No. 42 of 12th May, that he had finally taken over charge and relieved Mr. Hawksworth on that date; and he states that Mr. Hawksworth fully understood the same. It is observed, however, that he did not sign the transfer certificate until the 15th, and did not obtain Mr. Hawksworth's signature till the 17th, on which date his report abovementioned was despatched.

2. Mr. Hawksworth, however, appears to have remained in the Madura District till after the 31st May, when he reported to the District Engineer that he had given over final charge, and sent in a claim to travelling allowance up to the 26th; and he claims not to have availed himself of the three months' leave granted him in the *Gazette* of 16th March till the 31st May. Lieutenant Boddy, however, distinctly repudiates his having had anything to do with working the range, though he sent in a number of completion certificates for works previously measured and paid up by him. From papers on which separate orders have been passed it will appear that he did not avail himself of this opportunity of settling, or even of distinctly informing the District Engineer or his successor on the subject of, an outstanding contractor's claim, which has consequently in his absence given rise to much trouble and confusion. Finally, dating his departure on privilege leave from 31st May, and assuming himself to have been entitled to count joining time as if he had been obliged to take Dindigul on his way to Mangalore, he considers himself not to have overstayed his leave by arriving at Mangalore on the 12th September, and remonstrates against his having been considered as having forfeited his appointment in consequence of having overstayed his leave by a whole month.

FORT SAINT GEORGE, June 1875.

Copy of the following letter from the District Engineer, Madras, is forwarded to Government for information and orders.

2. Mr. Hawksworth will, in the absence of any special order of Government, be regarded as having availed himself of the three months privilege leave granted to him in the Gazette of the 16th March 1875 from the date (12th May 1875) on which he gave over charge of the Pindigul Range to Lieutenant Boddy.

3. The District Engineer was informed on the 19th May 1875 that the orders of Government Nos 607 and 900 of the 1st March and 5th April 1875 in respect to the recovery from Mr. Hawksworth of the pay of a writer and certain lascars

Sir,

On my arrival at this Station I
find Mr Hawksworth has left the
District and has made no report of
his departure.

2. He handed over charge of the Dinde-
gul Range to Lieutenant O. Boddy R.E.,
on the 12th May and appears to have

remained at Dindigul up to 1st June 1875
when Lieutenant Boddy saw him at the
Annamanchenore Railway Station about to
leave the District.

3. Up to this date I have been unable
to ascertain what arrangements he in-
tended to make to refund the sums ordered
to be recovered from him. I came here with
a view to settle the matter when I was
surprised to find he had left. Under
these circumstances I have the honor to

The District Engineer of Madras

Sir,

With reference to your Despatch
No 1363 dated 22 October (herewith enclosed) I have
1 District Engineer the honor to state that I arrived at Dundigul
No 1363 of 10-7-75
1 Copy of Transfer on the 15 of April. The Range Accounts for the
Certificate Year were not closed till the 10 April. I
then inspected most of the important works
in the Range and finally took over charge
on the 12 of May.

In para IV of the Despatch
it is stated that measurements
"will be made as soon as circumstances
will permit" This was however a purely
personal statement and I intended to indicate
by it that works which I had inspected
but not measured would be measured
on receipt of new measurements list from
the owner.

Yours

Mr Hawthorth fully understood that he had given me over the entire charge of the Range on the 12th and after that date neither accompanied or made any further inspections with me. He certainly most unjustifiably, opened power addressed to me as Range officer and affixed the receipt date to certain documents when I was on circuit, although he acknowledged having given me over charge of the office on the 12th. He stated to me personally that he did so, as he thought he might find some letters having special reference to him. My head accountant however forwarded them to me for my disposal. I would also draw your attention to a summary of Mr Hawthorth's inspection Report for the days subsequent to the 12th May 1875.

3 Days were spent in removing works for which payment was already made in full before I joined the Range.

3 Sunday

8 day office work

4 day in inspecting Railway property the result of which inspection on his part I know

know nothing
I Day in inspecting the site for the Irrigation
Bungalow at Amma naidanur. I had
already inspected it with him before and
the use of his again inspecting it on his
own account I am unable to comprehend.

19 From the above summary
I think you will see that Mr Hawthorth
had no intention of inspecting any fur-
ther works with me after the 12th.

With reference to the certificate being drawn up in the 1st person singular, my writer informs me that the form was copied from previous transfer certificate filed in the office.

Mr. Hawksworth's signature was arranged to be made to the document, and I see that the 7th para is misleading. The statement that other works would be measured was intended to apply to myself only.

My letter No. 42 of the 12th May was signed on that date, but appears to have been delayed till the transfer certificate was ready and signed.

So that I was considerably
within the joining time allowed by the
Rules and I trust that with this
information before them Government will
be pleased to cancel my order that
they may have no more to do with
me - I enclose the telegram under
reference. I could not move at all
quick within my leave as I was much too
ill to be able to travel by land and at
that time I was not really advised to
take the sea voyage to Wangaloa.

Yours faithfully

 a very fine

I think it very doubtful whether Mr. Hawksworth can with advantage be retained in the D.P.W. but before deciding - I should like to have a statement of his shortcomings & failures before joining the Madras district. In the mean time some arrangement, independent of Mr. Hawksworth, must be made to enable Mr. Lawford to take his leave - which it seems is urgently required.

J.C.M. 1869 M

It seems from that Mr. Hawksworth does not care to retain his empl't. in Govt. service. I shall inform him that he has forfeited his appt. & remove all question of re-appt. until he moves in the matter.

Meanwhile I shall let Mr. Lawford have his leave. One month cannot make much difference if only Mr. Dunder is in charge. J.K.
