*Proceedings of the Madras Government, Public Works Department,
6th October 1875.*

No. 73. Read the following letter from Major J. BEATTY, R.E., Acting Superintending Engineer, Godavery District, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Dowlaishweram, 20th September 1875, No. 1,892 :—

In forwarding the accompanying copies of correspondence relative to the disallow-

- 1 Copy of letter from the Controller to the Officer in charge, No. 6 Range, No. 33, dated 21st July 1875.
- 1 Copy of No. 6 Range Officer's letter to Controller of Public Works Accounts, No. 360, dated 28th July 1875.
- 1 Copy of Controller's letter to No. 6 Range Officer, No. 47 G.D., dated 9th August 1875.
- 1 Copy of a letter from No. 6 Range Officer to the Acting Superintending Engineer, Godavery District, No. 400, dated 17th August 1875.

that the charge for a Sweeper was included in that range contingent bills.

2. The first disallowance list, however, from the Controller, through the Range Officer, brought the irregularity to notice, and Mr. Vanstavern has since dispensed with the services of the Sweeper.

3. It will be understood that the charge for a Sweeper had always been allowed while the range was under the Central Provinces Government, and that it was stopped as soon as objected to by the Controller of Public Works Accounts, Madras.

4. Under these circumstances, I request the Controller may be authorized to pass the charge* already incurred, and I would here respectfully beg that the rules in force under the Public Works Code† of the Government of India, as regards the entertainment of Sweepers in the offices of District Engineers, may be made applicable to this Presidency.

Sir

In reply to your letter of the 27th June
I have the honor to enclose a copy of G. O. No 1076 of the 5th
April 1873 from which you will observe that the charge for
the office courier cannot be admitted without the special
sanction of Government.

2 As regards your statement that there are no persons
attached to the office I note that pay is drawn for two
persons at Papeete each for the Demagoguam Range office
Establishment and that 4 Storekeepers and 4 Cooks at an ag-
gregate cost of Papeete per annum are employed in addition
for the Pelly Establishment.

3 I return the office Revenues statement of the 27th June 1875 which you will find correct.

District Engineer's remarks on the subject of the employment of the office sweeper in question.

Sir,

I have the honor to acknowledge receipt of your letter of 23rd date the 22nd inst with its enclosure, Proceedings of the Government of Madras dated 8th April 1875 No. 1076 with the disallowance statement.

The District Engineer of Madras was decidedly in fault by entertaining a sweeper when he must have been aware that this was an infringement of the Madras Public Works rules.

This case however I consider has hardly a bearing on the matter at issue. The Officer under Madras was well aware of the rule. The Officer was acting according to the Government of Madras rule, which he had no authority to alter.

such time as he receives fresh instructions
District 1st. No instruction of any sort having been
sent to him on the transfer he was justified in
acting up to the ones in force.

2nd. The first intimation of no sum for being
allowed only, was made known nearly three months
after the transfer in a disallowance statement
6th. On the disallowance statement reaching
me I at once referred it to the District Engineer
with a letter of explanation on receiving his answer
that no sum for was allowed under Madras I discharged
the men. This letter however was not sent till
I had already dispatched my contingent bill for
June last.

7th. For the last 10 years sum for have been
attached to all the offices here and under sanction
put in a contingent bill.

8th. As regards the amount of Rs 500 per year of
the sum for office and May I request you will be
good enough to inform me how I am to dispose
of this and should this be a matter in which you
must take action being contrary to rule I shall
lay you this being an exceptional case to lay
the before Government with my explanation

on the subject.
9th. The two pons alluded to in para three of
your letter are at Dowlaiswaram and not here
they were office pons of the Superintendent of
Transport and on the abolishment of that office
were transferred to the Upper Gudalur there at
Dowlaiswaram.

10th. The three pons belong to the store and
have no connection with the office two pons for
day and two for night and until such time as the
steel plant stock see stand at a value of
2,50,000 will have to be kept on and can be
reduced when plant see are disposed of.

11th. The Cash pons are guards for each,
the sub Treasury is 16 miles from this place and an
unsafe road to be travelled over especially in the
rains when the high ground through the jungle
has to be taken and in increasing the distance to
some 20 miles. I have proposed to the District Engineer
some reduction in the number of these pons.

12th. The remark of the District Engineer on
the disallowance statement is no doubt correct
according to Madras rules and by his statement
the Executive Engineer was wrong and not here.

been aware that he had not received any instructions on the matter.

13th I request you will be good enough to favor me with an answer to my letter No. 303 dated 26th June last to your address.
