*Proceedings of the Madras Government, Public Works Department,
6th October 1875.*

No. 77. Read the following letter from Major J. BEATTY, R.E., Acting Superintending Engineer, Godavery District, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Dowlaishweram, 20th September 1875, No. 1,891:—

I HAVE the honor to forward herewith, for favorable consideration and orders of Government, the accompanying correspondence in the case of Mr. R. Fletcher, who was recently re-entertained as Draughtsman in the Government Workshop Office at Dowlaishweram, and whose full salary, Rupees 40 per mensem, the Controller of Public Works Accounts has declined to pass in the absence of special sanction of Government.

1 Copy of letter to Controller, No. 116, dated 9th August 1875.
1 Copy of letter from Controller, No. 61 G. D., dated 21st August 1875.
1 Copy of Disallowance Statement, dated 18th August 1875.
1 Paper containing previous correspondence of Mr. Fletcher, from A to F.
1 Service Register.
1 Copy of Certificate granted by Rev. Thornton.
1 Letter from the Officer in charge, Government Workshop, Dowlaishweram, No. 137, dated 1st September 1875.

2. Mr. Fletcher was from May 1867 to June 1869 employed as Draughtsman in the workshop office, and received then a salary of Rupees 30 per mensem. My predecessor promoted him to the post of Local Fund Overseer in 1869, on a vacancy occurring by the transfer of Local Fund Overseer Lawrence to the Ganjam District; but, as this transfer was subsequently cancelled, Mr. Fletcher was ordered to return to his own duties in the workshop. His services, however, being required in the No. 6 or Samulcottah Range Office, he was temporarily employed there. Subsequent to this, he was employed on special duty in Nos. 1 and 2 Range Offices, and from his own statement it will be seen that Colonel Fischer, on his return from special duty, told him he had no work for him. His permanent post in the workshop appears to have all this time been otherwise filled up.

3. I may further state Mr. Fletcher was taught drawing in the late Sappers School at Dowlaishweram. He is 27 years of age, and from his expertness in machine drawing, the Range Officer is anxious to secure his services for the workshop office, where much drawing of this description is required, and it is difficult to obtain draughtsmen able to do such work well and quickly.

4. Since he was deprived of his appointment as draughtsman in the workshop office, Mr. Fletcher has been employed in the Police Department, and as the Superintendent of a large Boarding School in Masulipatam. Copy of a testimonial given him by the President of this school is enclosed. I beg that an exception may be made in Mr. Fletcher's case, simply on the ground of his special fitness for the draughtsman's work in the workshop office, and because there is nothing on record to show why he was deprived of his former post there.

appointed, I have the honor to
forward herewith the correspondence

has had claims for the post as his

he should have been ordered

was not done.

he seems to take an interest in
this work.

To The Controller
 of Public Works

Sir, I have the honor to forward herewith the Service Register together with copies of Correspondence of Mr. R. & Fletcher who was lately brought in the work shop and now appointed to the same post which has lately fallen vacant.

You will observe from the Enclosures that Mr. R. & Fletcher was thrown out of his original post on account of another man having been appointed in his place, while he was engaged on temporary duty. I therefore submit his claims for your consideration with a view to his full salary being passed to him.

I am, Sir, very respectfully,
 Your obedient servant,
 J. W. Smith
 Secretary

Mr. Raymond Fletcher served under me as the superintendent of a large Boarding school for nearly 3 months & I have much pleasure in testifying to the very efficient manner in which he discharged the duties entrusted to him. He thoroughly identified himself with the young men & boys under his charge, entering into their sports, teaching them new games, as well as exercising a close superintendence over their domestic concerns. I believe he gained during the short time he was with me, both their respect & affection. He also efficiently superintended the repairs of the Boarders houses. He writes an excellent English hand and is neat & correct in his accounts. He has also manifested much taste in the laying out of a new garden. I leave him in the same post upon my being transferred to Ellice & I heartily hope he may succeed in it, or in any other work he undertakes.
