FROM

MAJOR-GENERAL G. W. WALKER, R.E.,

TO

THE SECRETARY TO THE GOVERNMENT OF INDIA,
Public Works Department.

RAILWAY, No. 20.

SIR,—I am directed to acknowledge the receipt of your telegram of the 5th October, requesting to be furnished with

the report called for in your letter of the 22nd December 1874, No. 3,242 R., on the subject of the means of access to stations on the Railways in the Madras Presidency.

2. In reply, and in continuation of my telegram of the 13th idem, I am directed to report that a statement showing the requirements of the stations on the Madras Railway in respect to road communication has been submitted by the Consulting Engineer; but before transmitting the information to the Government of India, the Honorable the Governor in Council desired to obtain the views of the Local Fund Boards, in whom is vested the responsibility for the construction and maintenance of roads of this class, and with this object remitted the statement for their remarks. Replies have not yet been received; but, as the Government of India are apparently anxious that an early report should be made, I am now to transmit a copy of the Proceedings of the 10th September 1875, No. 2,601, in which the information already received is embodied.

I have the honor to be,

Sir,

Your most obedient servant,

Major-General, R.E.,
Secretary to Government.
