*Proceedings of the Madras Government, Public Works Department,
27th October 1875.*

No. 358. Read the following docket from the Government of India, Public Works Department, (Civil Works—Telegraph,) dated Simla, 9th October 1875, No. 375 T:—

Copy of the following forwarded to the Government of Madras in the Public Works Department for information, with reference to its No. 2,323-A, dated 11th August 1875.

(By order,)

(Signed) G. T. SKIPWITH, Captain, R.E.,
Asst. Secy. to Govt. of India.

From the Director-General of Telegraphs in India, to the Secretary to the Government of India, Public Works Department, dated Simla, 30th September 1875, No. 226.

In reply to your No. 366 T., dated the 23rd September 1875, I have the honor to report as follows.

2. The orders of the Government of India for the construction of the telegraph for the South Indian Railway, communicated in your letter, No. 242 T., dated the 3rd June 1875, were at once given effect to, and the construction of the line of telegraph pushed on as fast as possible, with which view a larger establishment than under ordinary circumstances would have been considered necessary has been employed, increasing considerably the cost of construction, as the members of it had to be sent from various parts of India.

3. It is expected that the line will be completed by the 25th October 1875, a by no means unsatisfactory result. I regret any disappointment that may have been experienced in opening the Railway for traffic consequent on delay in the completion of the telegraph, but for such delay I consider the Telegraph Department in no way responsible.

No. 359. ORDER THEREON, 27th October 1875, No. 2,995.
