*Proceedings of the Madras Government, Public Works Department,
27th October 1875.*

No. 362. Read the following letter from Major J. BEATTY, R.E., Acting Superintending Engineer, Godavery District, to Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation and Joint Secretary to Government, Public Works Department, dated Dowlaiswaram, 5th October 1875, No. 2,056 :—

I HAVE the honor to forward herewith an estimate, amounting to Rupees 252, for providing masts and sails for six iron punts working in the Western Delta, and to request you will be good enough to obtain sanction of Government to an allotment of funds from the sum of Rupees 45,000 provided in the current year's Budget under the head "Tools and Plant," "Extraordinary," "Navigation."

2. These punts are employed in conveying stone for works in that range from the Dendalur quarries, and have to contend against current and wind when proceeding, laden, up the canal, and cannot therefore be expected to travel the usual 12 miles a day which is required of the other stone punts.

3. The provision of masts and sails to these boats will also be useful as an experiment.

Hitherto none of the boats have been so furnished, and have been worked solely by tracking, the lascars being expected to do 12 miles a day, if they could not show sufficient reason for not going that distance.

SANCTIONED, but the extraordinary grant being available only for new plant, the expenditure under this estimate will be met from the amount at the disposal

of Government under Tools and Plant, Capital, Ordinary.

No. 364. Read the following letter from Captain G. T. SKIPWITH, R.E., Assistant Secretary to the Government of India, Public Works Department, (Civil Works—Irrigation,) to Lieutenant-Colonel J. MULLINS, R.E., Joint Secretary to the Government of Madras, Public Works Department, (Irrigation Branch,) dated Simla, 21st September 1875, No. 331 I:—

I AM directed to acknowledge the receipt of your letter, No. 2,224, dated the 2nd ultimo, submitting the Progress Report of Agricultural Works in the Madras Presidency under execution from the "Extraordinary" grant for the quarter ending 31st March last, and, in reply, to observe that there is a discrepancy, as noted on the

Grant.		RS.	margin, between the total amounts under the heads of "Grant" and "Outlay" in the Report and those registered in the books of the Accountant-General. It is probable that the Grant and Outlay on account of Establishment and Tools and Plant have been excluded from the entries in the Report, but it is necessary that the point should be cleared up, and I am accordingly to request that, with the

The Secretary to the
Govt. of India P.W.D.

In reply to the Assistant Secretary's letter No 2319, of the 31st March, now directed to enclose a statement showing the grants for works under execution from 1st Jan. 1895 to 31st March last, and to observe that the sum of Rs. 1,00,000 in the margin of the letter under reply, was the original Budget grant.

which was subsequently
modified as shown in
Pro: Madras Govt 31 March
1875, No 859 D.

2. Regarding the discrepancy
in outlay I am to state
that the Progress reports
are compiled from District
returns, and show only
expenditure on works. If
the Govt of India desire
it, columns 3 to 6 will
in future be filled in
by the Controller of Public
Works Accounts when the
entries will correspond
with those furnished
from that office to the
Accountant General,
Public Works Department.
