*Proceedings of the Madras Government, Public Works Department,
27th October 1875.*

No. 410. Read the following letter from Major J. BEATTY, R.E., Acting Superintending Engineer, Godavery District, to Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation and Joint Secretary to Government, Public Works Department, dated Dowlaishweram, 14th September 1875, No. 1,823:—

WITH reference to G. O., No. 3, dated 2nd ultimo, I have the honor to inform you that under the authority given in G. O., No. 1,227, of 1st May 1875, the protective works round the Polavaram Island were put in hand in May last, and an expenditure of Rupees 6,993-0-5 had been incurred on them up to 31st August 1875, and a further outlay of Rupees 13,006-15-7 can advantageously be made during the remaining portion of the current official year.

2. Rupees 10,000 were allotted from the Kesanakurru Estate Funds in the last official year, of which Rupees 6,040-1-1 were spent in that year, leaving a balance of Rupees 3,959-14-11 only to be expended in the current official year. I observe from the order in the Revenue Department, embodied in the Government Order under reference, that the Kesanakurru Estate has already contributed all and more than it ought to give, and at present funds cannot be obtained from the Guttinadivi Proprietor; no more contributions will therefore, I presume, be available in the current official year.

3. Under these circumstances, I request you will be good enough to inform me as early as practicable whether Rupees 16,040 can be provided from Imperial Funds, as the work is still in progress.

No. 411. ORDER THEREON, 27th October 1875, No. 3,021.

IRRIGATION, No. 39.]

RECORDED with reference to G. O.,
No. 2,765, dated 24th September 1875.

(True Extract.)

Major-General, R.E.,
Secretary to Government.

To the Chief Engineer for Irrigation:
„ District Engineer, Godavery.
