

*Proceedings of the Madras Government, Public Works Department,
28th October 1875.*

No. 475. Read the following letter from Colonel F. J. MOBERLY, R.E., Superintending Engineer, Chingleput, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Guindy, 19th October 1875, No. 3,021 —

I HAVE the honor to observe that work is very much delayed by the non-return of estimates which are frequently altered before they are sanctioned.

2. The roads from Padapay to Streepermatu and continued to Trivellore might have made some progress if the papers had not been sent to the Controller of Public Works Accounts instead of to me.

No 476. ORDER THEREON, 28th October 1875, No. 3,056.

CIVIL WORKS, No 42-A.

It is observed from Financial Department Order, No. 1,815, of 10th September 1875, with copy of which the Superintending Engineer was doubtless furnished that the particular estimates to which he alludes were sent to the Revenue Board. He should apply to the President of the Local Fund Board for their return if required by him. But it is presumed that a copy exists in the office in which they were framed

2. Chief Engineer's Circular, No. 274-A, of 22nd July 1873, lays down the course to be followed when the return of plans or other enclosures is considered necessary.

(True Extract)

Major-General, R.E.,
Secretary to Government,

To the Superintending Engineer, Chingleput.

No 3030
Proceedings of the Madras Government
