Submitting for the
orders of Government
certain bills received
from the District Engineer,
South Canara for pay
to Mr Newksworth As-
sistant Engineer
with certain observations.

Copy of a letter from J. M. Newksworth Esq.
to A. C. Campbell Esq. District Engineer South
Canara dated 7th October 1875.

In reference to the Controller's
letter of 21st of the 21st ult. to your address, I
have the honor to inform you that I only handed
over the final charge of the Range on the 31st
May and reported the fact on that date to
the District Engineer and left on the 1st June.

It was in the expected wish
of the District Engineer that I should report
on several matters and send in several returns
before I gave over charge to go on leave. (I
write this from memory having no records to refer
to) and especially No 155 of the 15th April
1875 that detained me and I could not get
away as I wanted to rest much for my
health's sake..

I signed a Transfer Certificate on
I believe the 17th of the month which was
sent to me by Lieutenant Roddy for
that purpose, saying that he was much
worried for it, and to meet his wishes I
signed and sent it back to him. by no

means

means implying by that that I had given over full charge which I only did on the above date. I made no report of having given over any charge until the 31st May.

The signing of the Transfer Certificate was simply to enable Lieutenant Hodge to carry on the work of the Range and no other reason. This has been the case when I have taken over charge in other Ranges and is I believe the universal custom.
