Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
4th November 1875.*

No. 93. Read the following letter from Colonel F. J. MOBERLY, R E., Superintending Engineer, Chingleput, to Major-General G. W. WALKER, R E., Secretary to Government, Public Works Department, dated Gundy, 13th October 1875, No 2,921:—

I HAVE the honor to forward, for the sanction and allotment of funds, an estimate (Rupees 120) for constructing a latrine for the use of Native female servants in Government House at Gundy Park. The estimate has been approved of by the Military Secretary to His Excellency the Governor.

1 Plan
1 Estimate
1 Specification Report

No 94. ORDER THEREON, 4th November 1875, No. 3,135

CIVIL WORKS, No 7

SANCTIONED for execution. An allotment of funds will shortly be made. The provision of a second seat seems desirable, and the thickness of the walls may conveniently be reduced as shown on the plan which will be returned for information of the Executive Engineer.

(True Extract)

Major-General, R.E.,
Secretary to Government.

To the Superintending Engineer, Chingleput, with Plan
" Controller of Public Works Accounts

30th Oct.

Very dear General.

The application for a
General Furlough
for the sake of
Hypoch. was

accepted by H. H. H.
He was interested

to make them
quite sure
to look up at
five the sun
female servant
a key
I thought therefore

that - as there
were nearly absent
I people to write
in ~~the~~ - one
start would be
sufficient -
However I
just - that -
Ross Thompson

has constructed
the one here
for 2 seats
When I approved
of the friendly
plan I did not
understand it
Will you kindly
advise for seats
and - desirable
thoroughly
Belle Nobe

Specification

The accompanying Plan and Estimate
are for constructing a dry earth latrine for
the use of the female servants at friendly
Government House.

The building is to be of the form
and dimensions shown in the Plan

The walls to be of burnt brick in
mortar plastered in & outside. The pan
or other utensil is to be withdrawn by an
opening in the rear wall for which a shutter
is provided

In a side wall a bin for dry earth
is to be constructed and a scoop provided

The building is to be roofed with
palmyra rafters that appear flat and
pantiles with Chinnam borders.

The floor of 8" square bricks on a
levelled course.

The door is to be of teak wood
battened provided with a lock & 4 keys
as requested by the Military Secretary -
A latch and bolt inside would probably
be found more convenient.

A pan would be clearly & might
be of enamelled iron.

Thosby Col R.E.
