

Proceedings of the Madras Government, Public Works Department,
5th November 1875.

Read the following papers —

No 116 From Lieutenant-Colonel R. A. ROBERTS, R.E., Superintending Engineer, Tanjore, to Colonel G. W. WALKER, R.E., Chief Engineer, Public Works Department, dated Tanjore, 26th April 1875, No 404.

In reference to the Notification in the *Fort St. George Gazette* of the 23rd April 1875, page 794, granting me furlough on private affairs, I have the honor to inform you that the following are the arrangements that I propose making for the conduct of the duties of this district on my giving over charge of the same.

2 I may mention that on Mr. Leggatt's being transferred from this district, I have, as a temporary measure, placed the charge of No 4 Range in the hands of Executive Engineer Mr O'Shaughnessy in addition to that gentleman's other duties as No III. Range Officer

3 As Mr O'Shaughnessy will now, as senior officer of the department in the district, take over charge from me of this office, I have made the following arrangements in anticipation of your approval. —

No I Range to remain as at present under charge of Lieutenant Romilly, R.E.

No II Range as at present under Lieutenant Smart, R.E.

No. III Range to be in temporary charge of Supervisor Mr Stephens

Sub-division of No III. Range at present under charge of Mr. Stephens to be given to Mahadever Iyer, recently promoted to the grade of Supervisor.

No IV. Range to continue under charge of Mr O'Shaughnessy until another Range Officer is posted to the district.

No. V. Range to remain as at present under charge of Supervisor Mr Littlewood

4. As regards Mr O'Shaughnessy's retaining charge of No IV Range, the principal object in this arrangement is to ensure an early settlement of several important questions which have been for a long time under inquiry in that range. Still, of course, it is very desirable that another Range Officer should be sent to this district as early as can possibly be managed.

5 You are well aware that this district returns, next to the Godavery, the largest revenue to Government of any district in the Presidency, and that in view to the very important interests at stake, it is highly desirable that it should not be left any longer, than can possibly be helped, so greatly under-officered as is the case at present

No 117. From the same officer, dated Tanjore, 27th April 1875, No 433

With reference to G O., No 1,070 A, dated 16th April 1875, I have the honor to report that in a letter received this day, Executive Engineer Mr Leggatt has informed me that on the 24th instant he handed over charge of No. IV Range to Executive Engineer Mr O'Shaughnessy.

2 I may mention that Mr O'Shaughnessy retains at the same time charge of No III. Range

*Proceedings of the Madras Government, Public Works Department,
5th November 1875.*

No. 118 From Lieutenant-Colonel R F OAKES, R E, Superintending Engineer, Tanjore, to Major-General G W. WALKER, R E, Secretary to Government, Public Works Department, dated Tanjore, 18th October 1875, No 1,993

WITH reference to paragraph 2 of G O, No 2,825, dated 30th September 1875, I have the honor to state that on the transfer of Mr Leggatt, Executive Engineer, from this district to North Arcot, ordered in G O, No 1,070 A, dated 16th April 1875, Mr O'Shaughnessy took charge of the Negapatam Range from Mr Leggatt in addition to the charge of his own range, under orders issued by Colonel Roberts, who informed the Government of the arrangement in his letter, No. 433, dated 27th April 1875. In that letter no special reasons are given for the arrangements proposed, but as the staff of the Executive Establishment of this district was, at the time, below the full complement, as indeed it still continues to be, the arrangement was perhaps the best that could have been made under the circumstances, though it would appear it might have been obviated had the arrangements for the charge of the ranges proposed in Colonel Roberts' letter to the Chief Engineer's address, No 404, dated 26th April 1875, in connection with his own relief, been carried out in the case of Mr Leggatt's relief.

2 Mr O'Shaughnessy had charge of the two ranges for twenty-two days

APPLICATION will be made to the Government of India to pass the charge allowance claimed by Mr O'Shaughnessy

for twenty-two days But it is not at all apparent why the arrangement made by Colonel Roberts in his letter of 26th April was altered the day following

Sir,

With reference to para 2 of
Ly. O. No. 2825, dated 30th September
1875, I have the honor to state
that, on the transfer of Mr. Leggatt
Executive Engineer from this District
to North Arcot, ordered in Ly. O.
No. 1070 A dated 16th April 1875,
Mr. O'Shaughnessy took charge
24th April of the Negapatam Range from
Mr. Leggatt, in addition to the
charge of his own Range, under
orders issued by Colonel Roberts
who informed the Government
of the arrangement in his letter
No. 433, dated 27th April 1875. In
that letter no special reasons are

given for the arrangements proposed,
but as the staff of the Executive
Establishment of this District was,
at the time, below the full com-
plement, as indeed it still continues
to be, the arrangement was perhaps
the best that could have been
made under the circumstances, though
it would appear it might have been
obviated had the arrangements
for the charge of the Ranges proposed
in Colonel Roberts' letter to the
Chief Engineer's address, No. 1104,
dated 26 April 1875, in connection
with his own relief been carried
out in the case of Mr. Leggatt's
relief.

Mr. O'Shaughnessy had charge
of the 2 Ranges for 22 days.

I have the honor to be,

Sir
Your most obedient servant
