Proceedings of the Madras Government, Public Works Department,
5th November 1875.

Read the following papers —

No. 130. From J. D. GRANT, Esq, Officiating District Engineer, Tinnevelly, to Lieutenant-Colonel J MULLINS, R.E, Officiating Chief Engineer and Secretary to Government, Public Works Department, dated Palamcottah, 3rd August 1875, No. 57.

I HAVE the honor to forward a petition from Samynatha Iyer, Taluq Overseer's Writer in this district, requesting that arrears of pay for certain months may be passed to him.

2. The petition is lengthy, but the facts of the case are simply these.

3. Samynatha Iyer while attached to the Tanjore district on being found to have purchased land without permission was, under orders given in G. O, No 2,906, of 10th October 1874, punished by suspension for three months, the period of which suspension expired on the 18th November 1874.

4. On the 20th May 1875, Samynatha Iyer entered on his duties as Taluq Overseer's Writer in this district, and a few days after forwarded to me a petition claiming his arrears of pay from 19th November 1874 to 19th May 1875, during which period he had been unemployed

5. On inquiry I learnt from the District Engineer, Tanjore, that Samynatha Iyer had not reported himself for employment after his suspension, and I therefore refused to apply for the payment of the arrears.

6. Now, however, the Writer states that he did report himself to Colonel Roberts, but that his petition was not endorsed owing to a further communication having been made to Government on his case, which communication resulted in his being transferred. He now claims his pay from 19th November to 19th May, the period between the completion of his three months' suspension and of his employment in this district.

No. 130-A. From Captain L. CONWAY-GORDON, R E, Controller of Public Works Accounts, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 12th October 1875, No 99 W.

IN returning the enclosed letter referred to me with the endorsement of the Officiating Joint Secretary to Government, No 384, dated 12th August 1875, I have the honor to state that, under the peculiar circumstances of the case, Government may perhaps as in the case of Overseer Srinevasaloo Naidu, referred to in G O, No 1,703, of the 24th June 1874, be pleased to direct that Taluq Writer Samynatha Iyer shall receive subsistence allowance of one-fourth his salary while unemployed from the date (19th August 1874) on which he was relieved of his appointment in the Tanjore district to that (20th May 1875) on which he joined his new appointment in the Tinnevelly District (*vide* Public Works Code, Chapter IV., Section II., paragraph 24)

2 No pay has been drawn for Samynatha Iyer during the suspension of three months ordered in G.O, No 2,906, dated 10th October 1874

3. From nothing having been specially said on the subject, I conclude that the period during which Samynatha Iyer was unemployed is not to reckon towards pension. (*Vide* Public Works Code, Chapter IV, Section II, paragraph 29. Standing Order, No. 39 of 1871).

No 131. ORDER THEREON, 5th November 1875, No 3,155

ESTABLISHMENT, No. 13.

THE Controller of Public Works Accounts is authorized to pass to Samynatha Iyer subsistence allowance of one-fourth his salary while unemployed from the 16th August 1874 to 20th May 1875, and this period, during which he was out of employment through no fault of his own, will be allowed to reckon towards pension. The time passed under suspension, however, cannot be so reckoned, it being laid down in paragraph 19, Section II, Chapter IV, of the Government of India Code that, "when suspension is adjudged as a penalty, the period is disallowed."

Enclosure-2.

Sir, I have the honor to forward a petition from Samynatha Iyer Taluq Overseer writer in this District, requesting that arrears of pay for certain months may be passed to him

2. The petition is lengthy, but the facts of the case are simply these-

3. Samynatha Iyer while attached to the Tanjore District on being found to have purchased land without permission was under orders given in G. O No 2906 of 10th October 1874 punished by suspension for 3 months, the period of which suspension expired on the 18th November 1874.

4. On the 20th May 1875 Samynatha Iyer entered on his duties as Taluq Overseer writer in this District and a few days after forwarded to me a petition

claiming his arrears of pay from 19th
November 1874 to 19th May 1875, during
which period he had been unemployed.

5. On enquiry I learnt from the Dis-
trict Engineer Tanjore that Lamynatha
Iyer had not reported himself for em-
ployment after his suspension and I
therefore refused to apply for the pay-
ment of the arrears.

6. Now however the writer states that
he did report himself to Col Roberts,
but that his petition was not endorsed
owing to a further communication
having been made to Govt on his case
which communication resulted in
his being transferred. He now claims his
pay from 19th November to 19th May the
period between the completion of his
3 months' suspension and of his employ-
ment in this District.

To,

J. D. Grant Esqr
District Engineer
Tinnevelly

Most Honored Sir,

With Reference to your Honor's Memo No. 446, dated 19th June 1875, Communicated to me with Deputy Officers Endorsement No. 285, dated 22d Idem, to the effect that the District Engineer Tanjore states that at the Expiration of the period of my Suspension I did not Report myself for Reemployment in the District & that though my whereabouts were unknown & G. O. No. 2906, of 10th October 1874, was not Communicated to me, yet that I must have Known of the Order and should have Reported myself to my Superior; and that my Petition will not therefore be forwarded to Government, I beg most Respectfully to state the following which in its Exactness of fact will meet with your Honor's approval and satisfaction, and which together with my Original application you

your honor will be pleased to lay before the Gracious Government—

2. The fact of my being the settled resident of Mayaveram so perfectly known to the members of the District Engineer's Office of Tanjore, as well as to those of the Tanjore, Combaconum, & Mayaveram Range Offices, and the members of the Maya-veram Range Office & Vacant have also been to my Quarters on some occasions; and there would have therefore been no obstruction to my receiving it, had the G.O. in Question or an Extract of the same been despatched to me, in the proper Course through the Officer in charge of the Tanjore or Mayaveram Range where I was a Salug Overseer writer previous to my Dismissal; As in the Case of the Arrears of my Salary for a certain period previous to my Dismissal which was paid to me through the Maya-veram Range Officer at Mayaveram in latter part of October 1874, on the Requisition of the Officer in Charge of Tanjore Range— Besides my Service Register which is an important Record of my circumstances may

of my residence, had a Reference been made to it in good faith by the Head of the Dist. Engineer's Office— The above Service Register was in the Tanjore Range Office which is at a distance of within half a mile from the former in the Town of Tanjore—

3. The above G.O. No. 2906, dated 10th October 1874, was not only withheld from being Communicated to me, but it was not also Circulated to the Range Officers in the District until the 28th April 1875, on which date I was ordered to go here; but Col. Roberts specially forwarded the above Order as soon as it was received by him, to the Mayaveram Range Officer wishing to know if he can find any fresh subject which may tend to Establish the Existence of any misconduct on my part; and that Officer in reply formally stated that as the Government have decided my Case of purchasing land, it may be transferred from his to other Ranges in the District—

4. Although G.O. No. 2906, dated 10th October 1874, was not duly Commu-

cated

to me do it ought to have been, I having been carefully & anxiously expecting a favorable decision of my innocent Case), I became readily acquainted with the fact of a favorable order of Government having been received in the Superintending Engineer's Office & I reported myself to Col.ⁿ Roberts, the Supᵈ.ⁿ Engineer Tanjore, on the 11.ᵗʰ November 1874, and presented him an application wherein requesting that I may be restored to my post on the Expiration of the period of my Suspension which was the 18.ᵗʰ Idem, but that Officer declined to grant my request for the Reason that a further reference had been made to Government against their order, and threw off my application without any Endorsement thereon, thus giving me room to presume that had I been Restored Abboya Naidoo his dependant, referred to in my petition Recorded in the above G. O. should lose his appointment—

5.ᵗʰ Again on the 5.ᵗʰ March 1875, I paid my humble respects to Col. Roberts who had

the Government have ordered my transfer to other Districts, that notice will be sent round the adjacent Districts to Know whether any one will like an Exchange; & that if I like to be re-employed I should try & find a person in other Districts with whom I can exchange—

6. on the 2.ⁿᵈ April I received an order from the Supᵈ.ⁿ Engr.ⁿ directing me to attend his Office for instructions regarding my transfer to another District; accordingly I appeared before Col. Roberts on the 28.ᵗʰ Idem, and received the order, transferring me to the Trinnevelly District where I am posted to the Room of one Ramasamy Iyengar Taluq Overseer's writer of Ambasamoodrum who was ordered to take up the appointment of the Taluq Overseers writer at Tranquebar, Vacated by its incumbent having been promoted to the post of 2.ᵈ.ⁿ Accountant of Combaconum Range, and not that which was unlawfully Vacated by my Dismissal & filled up by the aforesaid Abboya Naidoo and it was on this date that Col. Roberts

instructed his Manager thus "We cannot keep the Government order regarding this mans suspension any more without circulating to the Range Officers". He then sent for the Spare Copies of the order and signed them in my presence, which gave me an astonishment to think that how strong my misfortune might have been to induce this noble Gentlemen to take so much pains towards injuring me a disproportionately poor when Compared with his dignity—

7. I humbly beg to add that my having purchased land Unaware of the order of Government, if any Exists, prohibiting officials of the D.P.W. from purchasing land without obtaining permission of their superior for that purpose, Was, it will be observed, brought upon me three punnishments, Viz, First suspension for three Months; Second, forfeiture of Salary from the date of the Expiration of the above suspension to that of my joining the present appointment; Thirdly, Transfer to a place about 300 miles off—

8. From the reasons given by the present District Engineer of Tanjore, and from what I here state your honour will observe that Col. Roberts Evidently failed to restore me on the Expiration of the period of my suspension even after my having reported myself to him as Mr. J. O'Shaughnessy Considers it to be the proper Course—

9. Moreover from a due consideration on the principle of inviting persons to Exchange situations with me, without in the first instance restoring me to my post even after the Receipt of second order of Government, And from Col. Roberts's order that I should report myself to the District Engineer of Tinnevelly for Employment (as if I were a candidate) and the aforesaid Ramasamy Iyengar should proceed to Nyaneram Salary at Public Expence, your honour will be pleased to observe that Col. Roberts intentionally detained me from entering into Service from the date of Expiration of the period of my suspension, And

it is therefore left to your honor to Judge whether, in the event of no one being desirious of an Exchange and I to be left unemployed altogether, or will it be lawful on my part to Complain against the order of my transfer without first giving effect to such order — And I further beg to state that since the Government in G. O. No. 381 of 12th February, have ordered that the Superintending Engineer should have been Contended with Major Mead's Cancelling his order of my Dismissal & with the Range Officers Opinions of my being transferred to another Range, I should Consider that this order Supersedes G. O. No. 2906, of 10th October, 1874, Suspending me for three months — 10. Under the above Circumstances I most respectfully beg to request that your honor will be pleased to lay my Petition together with, this my Explanation of the Subject which the Reasons Argued by the present District Engineer Tanjore demands, before the merciful Government

orders passed on my case so that I may be remanded to my old post of Overseers Writer in the Tanjore District, and that I may obtain my Salary in arrears for the period mentioned in my application; and thereby protect me a poor creature receiving a small Salary of Rs. 15 per mensem for my Maintenance & that of my family & who have been quite harmless and innocent ever since I attained my age or Entered the Public Service as will appear from a Reference to my Service Register —

I beg to Remain

That Gentleman was pleased to direct the restoration of your honors petitioner to his former post as will be observed from his Endorsement dated 7th July 1874 a Copy of which the petitioner submitted with his appeal petition to your honor dated 3rd September 1874. With regard to your honors petitioners qualification and good character he would not trouble your honor further than Calling for a Copy of his Service Register from the Pay & Contingencies Office and he trusts a reference to the same will convince your Goodness that your honors petitioners qualification and Conduct were always good. The petitioner also begs to submit to your honors kind perusal the Copies of a few Testimonials. If his qualification and character were not good he would have been reported & punished then and there than being reported now on the occasion of an order having been passed by Government for his restoration. There was no fault whatever on the petitioner nor was he fined during his long period of service.

Your honors humble petitioner has reason to fear that Col. Roberts has reported against him because the Government was pleased to order his restoration against that gentlemans wishes as he has appointed to the Vacancy created in his own Office by your honors petitioner

whom he has brought from Madura, and who will have to be thrown out if your honors petitioner were to be restored.

Your honors humble petitioner therefore prays that your Goodness will be pleased to take into your honors impartial Consideration the very vague Reports made against him by Col. Roberts and protect your honors poor humble petitioner by restoring him to his post from which he has been unjustly dismissed.

For which act of justice your honor poor petitioner shall as in duty bound ever pray.

Your honors petitioner begs to say that direction to him is as follows—

Sir,

In reference to Major Meade's letter No. 420, dated the 7th instant, I have the honor to request that the following point may be referred for the decision of Government.

2 — A writer on the Minor Establishment got fete transferred by some (at present) inexplicable means to a Taluq in which he possesses about 1/2 an acre of land and by which he was disqualified for employment in that Taluq and while temporarily employed in that Taluq until a convenient opportunity for employment elsewhere occurs, he purchased about 20 acres of land in the said Taluq, without special permission

or

or report, is the writers proceedings justified by the letter and the spirit of the rules in the subject?.

3 —— Major Mead thinks it is, but I am of a different opinion and I think it is a subject of much importance. If there is nothing in the rules against the acquisition of landed property in the locality in which an official is temporarily or permanently employed, all that is necessary in case the locality does not suit the official, is to buy a bit of land and he must be provided for elsewhere - and with a little management he will probably get to the Station he most desires.

4 —— The last time I was in Tanjore, I heard of a Diwan who got transferred from Madura to Tanjore by the "Modus operandi" I have described, and the wonder is, if there is nothing against it, that it is not more frequently resorted to.—

I

5 —— I think that the possession of ½ an acre or even of 5 or 6 acres of land should not disqualify a man for employment in the locality in which the land is situated, but once a man enters the Service of Government he should not in my opinion acquire the possession of land any where in the Presidency without the special permission of Government.—

the Service of the individual in question.
That a man in the position of an Overseer
writes should be able to purchase
land to the value of £250 Sterling,
is in itself a matter sufficient to excite
Comment. And that he should make
this purchase in the very Taluq in which
he is serving, without any kind of re-
ference to the Range officer, appears
to me such a flagrant breach of the
ruling of G.O. 17th March 1865 No 741,

Colonel G. W. Walker R.E.
Secretary to Government
P.W.D.

The humble petition of
Sawyenatha Iyer late Writer
under the Taluq Ameen of
Mayaveram Tanjore District

Most humbly Sheweth—

That your honours poor petitioner having been unjustly dismissed from service by Col. Roberts the present Superintending Engineer Tanjore, he most humbly begs to submit this appeal petition in the hope that your honour will be graciously pleased to call for the records of the case and after a due perusal that Justice may be done to the petitioner—

In the enclosed Copy of the order dated 15th August 1874, Col. Roberts states that having carefully perused the Correspondence connected with the Subject of Taluq Ameen's writer Sawyenatha Iyer's purchase of land to the Value of £250 Sterlings has come to the Conclusion that it is not to the interest of the Public Service that he should be allowed to hold Conservancy

Encls. 2

and has accordingly dismissed your honors poor petitioner
It will observed from the Records of the Case
that Colr Roberts has passed the above order
by over Ruling the decision already passed in
the Case by his predecessor Major Mead
after a due & proper enquiry—

A perusal of the following few lines
will Convince your goodness that your poor
petitioner is in no way guilty and he
does not at all deserve dismissal—

your honors poor petitioner was transfered
from Combaconum to the Nagapatnam Taluq
in June 1873. where he possessed 1½ Pus-dry
land he immediately reported the same to Major
Dalton the then District Engineer who thereupon
directed the Range Officer Rao Jr. Ashaghur may
to transfer your poor petitioner some other Taluq
where he possessed no land in that Range, but the
Range Officer for what reason the petitioner is not
aware did not carry out the order till December
last, when Major Mead the District Engineer
pointed out to the Range Officer the impropriety
of keeping your petitioner any longer in the
Taluq & directed his transfer elsewhere at once,
the Range Officer accordingly transfered your poor
petitioner under Taluq Cutcherry Ramnad whereby
the Nannilam Taluq should be under the

Cutcherry immediately he is relieved by one
Letchoomana Row the Taluq Cutcherry writer in
Summilum your poor petitioner was in daily
expectation of being thus relieved, but before he
did so, he thought it advisable to recover
certain Sums which his late father had lent to a
certain Merapsidar in that Taluk, the Sums so
lent by his late father amounted with interest
to Rs 1900, your poor petitioner recovered the Money
from the Merapsidar, as he did not wish to
keep the Money in hand and as some land to the
extent of 5 Kalies was about to be sold in the Village
your poor petitioner was advised by his friends
to buy the above land with the Money, the price
of the land however amounted to Rs 2560, thus he
made up by the Rs 1900 above referred to Rs 660
the Dowry Money of his wife & Rs 380 he borrow-
ed & purchased the land, your poor petitioner
did not think it necessary to obtain the
permission of the Range Officer to buy the
land as he was every day in expectation of
being relieved & therefore Considered himself
unattached to the Nagapatnam Taluk- your
poor petitioner was however unfortunately not
relieved from the Nagapatnam Taluq till March
last, and in the land Return submitted by the

1st March 1874. he duly included the land duly purchased by him, this was also included in the general land returns of the Range and submitted to the District Engineer's Office with the remark that your petitioner will at once be sent to Tumkillum, after fourdays the Range Officer appears to have reported to Major Read the then District Engineer as if your petitioner purchased the above land without permission, while he employed in the Inyaneram Taloob, and at the same time throwing suspicion as to the legal means of his having purchased the land for such a sum as Rs 2560, while your petitioner was in the receipt of only Rs 15 per month— Major Read whereupon suspended your poor petitioner without your poor petitioner having represented to that Gentleman the circumstances under which the land was purchased —

1st— That he purchased the land when he was in daily expectation to be released and considered himself unattached to the Taloob—

2d That the land so purchased was duly included in the land returns submitted by the petitioner to the Range Officer at the end of March last—

3d That he had no intention whatever to conceal the purchase of land, Major Read

was pleased to restore your poor petitioner to his post— this took place only a few days before he handed over charge to Col Roberts, Col Roberts shortly after taking over charge thought it proper to enquire the case and directed your poor petitioner to provide a place as he was desirous to provide a place to one of his dependants namely Abboye Naidoo whom he brought from Madurah, it appears that this Abboye Naidoo was employed in Madurah District Engineer's Office as a common clerk on Rs 15 per month, he is not a trained Candidate, on the necessity for providing him with a place on a similar pay in the District Engineer's office Tanjore is not clear—

That your poor petitioner had been in the Public Service for the long period of 16 years (from February 1860 to May 1865 as a Taliar 4 years, from June 1865 as a Paramanuvee Karyakarta, from June 1865 as a Paramanuvee writer of the Taliar Overseer) bearing a good Character he was neither reported or reprimanded by any of his Superiors nor Complaint against by any person, his service Register in the District Engineer's office Tanjore is the best testimony he can adduce—

Your poor petitioner begs to Enclose

the late District Engineer with his endorsement thereon restoring to your poor petitioner his post—

Your poor petitioner therefore humbly prays that your good-self will be pleased to call for the Records of the Case & the Service Register of your honors poor petitioner & after commencing your goodness that he is in no way guilty, your good-self will be pleased order your poor petitioner to be restored to his post—

For which act of Justice your poor petitioner shall as in duty bound to ever pray——

District order

The Superintending Engineer Jaffna having carefully perused the Correspondence connected with the Subject of Salary Coomeren Writer Saminadin Lyceu's purchase of land to the Value of £250 Sterling in the Mayoorenaar Lelook, has come to the conclusion that it is not to the interest of the Public Service that Saminadin Lyceu should be allowed to remain in Government Employ; and Colonel Roberts, therefore passes the following order—

1. Saminadin Lyceu, Salary Overseer & Paramedical charge writer is dismissed the Service; and his services will be dispensed with from the date

The Controller of Public
Accts is authorized
to pass to Saminada Iyer
Subsistence Allowance from
the his salary while
unemployed from the
August 1874 to 20th Jany 1875.
But inasmuch as enforce-
ment was adjudged as a
punishment, the period during
which he was out of Employ-
ment cannot be reckoned
as qualifying for pension and

It seems to me that the Govt
time during wh he was in sub-
sistence allowance shd count
for pension

I do not understand
this. The time he was
under suspension should
not count for pension
but the subsequent period
during wh he was unem-
ployed would seem to have
been by inadvertence &
we give him subsistence
allowance.
