No 134 Read the following endorsement of the Revenue Department, dated Fort St George, 26th October 1875 —

Read the following Proceedings of the Board of Revenue, dated 16th October 1875, No 2,883

Read the following letters —

From R J MELVILLE, Esq , Acting Collector of the Chingleput District, to H E STOKES, Esq , Acting Secretary to the Board of Revenue, dated Sydapet, 23rd August 1875, No 497 —

As directed in the Board's Miscellaneous No 8,972, of the 19th December 1874, I have the honor to forward two statements showing the traffic on the Northern and Southern Sections of the East Coast Canal for the half-year ending 30th June 1875

Enclosures Nos 1 and 2.—Statements

From the same Officer, dated Sydapet, 23rd September 1875, No 562.

As directed in the Board's Official Memorandum, No 1,509, dated 17th instant, I have the honor to return the traffic statements therewith forwarded, accompanied by Enclosures A, containing the calculation of ton mileage, and in doing so to state that they were not sent with the statements, as they were not required by Government—*Vide* the enclosed copy of their memorandum, dated 20th April 1875, No. 429, forwarded to this office by the Superintending Engineer.

2 As regards paragraph 2, I beg to explain that Tolls and License fees are collected on the Northern and Southern Canals respectively, and that the alteration of "Tolls" into "License fees" in the first page of the statement for the former canal was made by the copyist by mistake. This has now been rectified.

3 Further, the total collections on the Northern Canal are only Rupees 22,055 8-0 and not Rupees 22,059 4 0 as remarked by the Board. The mistake arose in 4 Rupees having been erroneously entered instead of 4 Annas against furniture. This has now been corrected in red ink.

No 629

Memorandum

Statement of Traffic on the East Coast Canal for the half year ending the 31st December 1874.

The following observations are made on these returns forwarded by the Supt Engineer Chingleput with his Endorsement of the 10th April 1875 Nos 132 and 133.

Madras or Southern branch.

No separate statement is sent for each canal it is unnecessary to insert a column for names of Canals. This information should be on the general heading. Under nature of cargo the nomenclature should be as extensive in the returns for this as for the northern branch. In fact they should be identical. There is an entry of 123 boats and 660 Lascars under sundries but probably a considerable portion would be distributable to some of the items on the northern Canal

returns. The orthography of the entries should be revised and the English equivalents given in lieu of native terms for produce where practicable. The following are not understood - 8" line "stones" - 12" line "Sala leaves".

Cochrane or Northern Branch.

The column for name of Canal is unnecessary.

The following entries under nature of Cargo are not understood.

1" Line - Avaramputtay
2nd " - Ale root
17" " - Tunels
29" " - Money
34" " - Palapattay
41" " - Redpowder
42nd " - Rattanpoints
48" " - Shipwreck goods
50" " - Sour oranges
52" " - Sala leaves.

The remark made already in reference

of English equivalents are also applicable to this return.

General.

The two returns should be identical in form and arrangement and the headings and nomenclature of goods having been once carefully arranged they should be adhered to.

The calculation of the tow mileage need not be given in detail as is now done. As the original ~~vouchers~~ registers are not sent there is no means of checking the entries and therefore it is useless. The tow mileage may be given under the total of column "number of boats". It is suggested that the return should be on paper the size of a half sheet of foolscap and the totals carried forward if necessary.

The average tonnage of the boats and the number of passengers carried in

...che between office Canal a Sheerness Bled
...e follows.-

(Average) Time of Transit	No. of Passengers	
Down		Cochrane Canal do
5 - 3	22	
12 - 6	14	

This seems to require explanation. It is desirable to divide the traffic separately that which is travelling to or away from Madras the period being classed as inwards and the second as outwards traffic.

/By Order/

No. 1509
Official Memorandum

Letter from the Sy Collector of Chingleput District dated 23rd August 1875 No. 497.

The undersigned has the honor to return to the acting Collector the two statements of traffic on the Northern and Southern sections of the East Coast Canal and to request that he will be good enough to resubmit them with enclosures marked A similar to those which accompanied the previous half-yearly statements.

2. In the Statement for the Northern Canal the heading "Falls" in the fir...

"page" is altered to "License fees" while in the second page the former heading is retained. It is observed from the Collector's letter dated 8th April 1875 No. 161 giving Comparative statements of traffic for the half year ending 30 June 1874 that license fees were collected only on the Southern Section of the Canal. He is requested to explain.

3. It is further observed that the total collections on the Northern Section should be Rupees 22059-4- and not Rupees 22,055-8- as shewn in the Statement.

/By Order/
/Sig/ H. E. Stokes
Secretary

To The Collector of Chingleput.

No 2,883

PROCEEDINGS OF THE BOARD OF REVENUE, dated 16th October 1875

Read the following letters —

From R J MELVILLE, Esq , Acting Collector of the Chingleput District, to H E. STOKES, Esq , Acting Secretary to the Board of Revenue, dated Sydapet, 23rd August 1875, No 497 —

As directed in the Board's Miscellaneous No 8,972, of the 19th December 1874, I have the honor to forward two statements showing the traffic on the Northern and Southern Sections of the East Coast Canal for the half-year ending 30th June 1875

ENCLOSURES Nos. 1 and 2 —Statements

From the same Officer, dated Sydapet, 23rd September 1875, No. 562.

As directed in the Board's Official Memorandum, No 1,509, dated 17th instant, I have the honor to return the traffic statements therewith forwarded, accompanied by Enclosures A, containing the calculation of ton mileage, and in doing so to state that they were not sent with the statements, as they were not required by Government—*Vide* the enclosed copy of their memorandum, dated 20th April 1875, No. 429, forwarded to this office by the Superintending Engineer.

2. As regards paragraph 2, I beg to explain that Tolls and License fees are collected on the Northern and Southern Canals respectively, and that the alteration of "Tolls" into "License fees" in the first page of the statement for the former canal was made by the copyist by mistake. This has now been rectified.

3. Further, the total collections on the Northern Canal are only Rupees 22,055 8-0 and not Rupees 22,059 4 0 as remarked by the Board. The mistake arose in 4 Rupees having been erroneously entered instead of 4 Annas against furniture. This has now been corrected in red ink.
