• ABSTRACT —Referring certain papers regarding the Kondakula Ava Project in Vizagapatam District, in view to its being ascertained what action has been taken on the subject, &c.

No. 270. ORDER THEREON, 29th September 1875, No. 1,435.

Irrigation, No 6

REFERRED to the Board of Revenue for report, with reference to the Collector's letter to the District Engineer, dated 24th July 1875, No 1,287.

2 It is observed that the District Engineer recently intimated to the Collector that owing to want of good Surveyors little progress had been made with the preparation of the Kondakula Ava Project, and that he was consequently unable to furnish the plans and levels, by means of which the boundaries of the Ava as likewise the rights of Government in connection therewith could be ascertained This fact was communicated to the Department of Public Works in Order, No 328, dated 1st March last, and it would appear that the Collector's report has been delayed owing to the noncompletion of the survey.
