

*Proceedings of the Madras Government, Public Works Department,
8th November 1875.*

No 174. Read the following letter from W LEGGATT, Esq, A I C E, Officiating District Engineer, Bellary, to Major-General G. W. WALKER, R E, Secretary to Government, Public Works Department, dated Bellary, 20th October 1875, No. 1,760 —

In continuation of letter from this office, No 863, dated 31st July 1875, I have the honor to forward, for the sanction of Government, and for provision of funds, two estimates accompanied by specification reports for the undermentioned works in this district —

- 1 Abstract Estimate, Rupees 467
- 1 List of Estimate, Rupees 429
- 2 Reports

I — Estimate for repairing the Taluq Cutcherry at Bellary	...	RS 429
II — Estimate for flooring with stone a portion of Taluq Cutcherry at Bellary		467
Total	..	896

2 These estimates have been prepared at the request of the Collector, who has countersigned them in token of approval Mr Master has requested me to issue instructions for the early execution of the work, but from want of funds I am unable to undertake the repairs, although the estimated amount is within my competence to sanction

No. 175. ORDER THEREON, 8th November 1875, No 3,177.

CIVIL WORKS, No 13

THE estimate of Rupees 467 for new work is sanctioned But neither it nor the repair estimate can be carried out for the present for want of funds.

(True Extract.)

Major-General, R.E.,
Secretary to Government.

To the District Engineer, Bellary

Specification report to accompa-
ny the Estimate for repairing the
Sally Lutchery at Bellary —

The Estimate provides for the
following repairs —

1st Interior and exterior whitewash-
ing to walls and whitewashing ceilings

For this, coats of whitewash to be
thoroughly scraped off with iron
scrapers and well rubbed down with
mar gloves, and two coats of white-
wash sized with rice water and
gum applied —

2nd Wood oiling. Timber and doors
and windows — The roof timber,
posts, wooden gratings, and floors
and windows, to be thoroughly wash-
ed and cleaned and two coats of
boiled linseed oil, thickened with
dammer, to be well rubbed in —

3rd Floor pointing — Those parts
of the floor that are already flagged
with square slabs $18 \times 18 \times 5$, are to
have the old pointing picked out,
any sunken slabs raised, and
relaid, and the whole neatly point-
ed with fine hard plaster —

New work

No. 40

With reference to your endorsement, No. 517, Judicial Department, dated the 29th ultimo, on a letter from the Superintending Engineer of Bellary, No. 863,

*Proceedings of the Madras Government, Judicial Department,
29th October 1875.*

dated the 31st July last, to the Secretary to Government, Public Works Department, I have the honor to state that, in my opinion, the expenditure should be incurred.

2 It is true, as the Superintending Engineer states, that the building is an old one, but it is not likely that a new Cutcherry on the Standard Plan can be built for some years to come at Gooty, many other public buildings being more urgently required in other parts of the district

3 The sum if laid out will not be lost, for when a new Cutcherry is built and the present one sold, a good price will probably be realized for it, as the site is valuable.

4 All the papers are herewith returned

No 122 ORDER THEREON, 29th October 1875, No 2305

Under the explanation afforded by the Magistrate, the Governor in Council sanctions the estimate for Rs 775 for repairing the Taluq Cutcherry at Gooty
