From

THE CONTROLLER OF P. W. ACCOUNTS,

To

SUPERINTENDING AND DISTRICT ENGINEERS

SIR,

As it is well known that in many cases the sanctioned scale of establishment, both *Petty* and *Office*, is insufficient for the *general duties* of the Department and that because of this insufficiency, men are employed whose salaries are charged to Works which are not benefited by their employment, I have the honor to invite your attention to the subject with the view of obtaining the sanction of Government to increase the regular Public Works Establishment in cases in which increase is absolutely necessary and is, indeed, already provided, but by the objectionable practice of charging off to Works

2. I am satisfied from a recent Order* that the Government will favorably consider proposals which have for their object the recognition of establishments organized on a liberal scale and the abolition of the practice of charging off to works everything in excess of an arbitrarily fixed scale, and, therefore, I would suggest that you submit to me a statement of the establishment which is found to be absolutely necessary in excess of the sanctioned scale, in the several ranges in your district, in other words, a statement showing establishment now charged to works, but which should be charged to the regular Public Works Establishment either as "*Petty*" or "*Office*"

3 The statement should show (1) names, (2) length of service, (3) rate of salary, and (4) remarks by yourself as to the sufficiency, or otherwise, of the rate of salary, &c. On receipt of the statement from each Superintending or District Engineer, I will prepare one general statement and submit the same for the orders of Government I would remind you that the statement should not include persons engaged for, and employed exclusively on, specific works, as it is quite proper that the works should be charged with the pay of such men.

4. Spare copies of this letter are enclosed in case you may desire to send a copy to each Range Officer.

I have the honor to be,

SIR,

Your most obedient Servant,

T. MOSS,
Controller of Public Works Accounts.
