

17.
*Proceedings of the Madras Government, Public Works Department,
15th November 1875.*

Read the following —

No. 349. From the Superintending Engineer, Tanjore, dated 14th October 1875,
No 1,978

No. 350 ORDER THEREON, 15th November 1875, No 3,265

ESTABLISHMENT, No 22

THE District Engineer will be informed that the services of Mr J. Hannan will be placed at his disposal on his return from furlough, which is expected by the middle of November. And further arrangements to complete the strength of establishment fixed for the Tanjore District will be made on arrival of the young Engineers from Cooper's Hill expected shortly

(True Extract.)

(Signed) G. W. WALKER, Major-General, R E.,
Secretary to Government.

To the District Engineer, Tanjore
To Mr. J Hannan.
To the Controller of Public Works Accounts

No 1978 Supt. & Engrs. Office

Tanjore 14th October 187

From

Lieut. Col. R. F. Oakes R.

Superintending Engineer

Tanjore.

To Major General G. W. Walker
Secretary to Government
P. W. D.

Sir

I have the honor to inform
you that the Executive Establish-
ment of the Tanjore District will
be below its strength to the extent

^x
1 Range Officer.

2 Sub. division

al officers.

noted in the margin, as soon as
Mr. O'Shaughnessy leaves the

District to join the Tinnevely

District to which he has been

posted. From information I

have been able to obtain relative

to the works in progress and likely

to be in progress next Season in

No 2 Range, in which the Local

Funds

Funds works will be very heavy,
I am satisfied that the executive
duties of the Range cannot be
properly conducted or supervised
in the absence of a Range Officer.
As the transfer of a Range Officer
from any of the other Ranges to
No. 2 would involve changes
amongst the Sub-divisional
Officers which, in some respects,
would be detrimental to the
interests of the Ranges in which
the Sub-divisional Officers are
now employed, I am anxious to
be informed to what extent and
within what period the vacancies
which exist in the executive
branch of the District Establish-
ment are likely to be filled up
before I make transfers the
nature and number of which
must depend upon the extent to
which the existing vacancies are
likely to be filled up before January

next, i.e., before the commence-
ment of the approaching work-
ing season.

I have the honor to be,
Sir

Your most obedt. servant

A. F. A. Leitch - Col. R. E.

Supt. Engineer, Tanjore.
