*Proceedings of the Madras Government, Public Works Department,
5th February 1875.*

No. 155. Read the following letter from Colonel H. DRUMMOND, R E, Deputy Secretary to the Government of India, Public Works Department, (Railway,) to Colonel G. W. WALKER, R E, Secretary to the Government of Madras, Public Works Department, (Railway,) dated Fort William, 4th January 1875, No 21 R.—

I am directed to acknowledge the receipt of your No 3,206, dated the 12th November 1874, submitting the Revenue Account of the Carnatic Railway for the first half of 1874, with a note thereon by the Consulting Engineer

2. The net earnings of the half-year amounted to Rupees 13,170, the largest known since the opening of this line, and I am desired to state that the Government of India notice with satisfaction the economical management which has led to this result.

3. Columns 2nd, 3rd, and 4th of the Statement of Rolling Stock, No. XII., are returned blank, owing, it is presumed, to clerical omissions

4. In Form No. XIII. the total length sanctioned is shown as 210 miles, whereas in the statement of the previous half-year it was entered as 222 miles. Again, the lengths of the different sections sanctioned appear to be—

	Miles.
Arconum Junction to Little Conjeveram	18½
Madras to Cuddalore	128
Cuddalore to Tanjore	82
Total	228½

These discrepancies should be explained.

5. With reference to Form No. XVII., Net Revenue Account, I am to state that, under the circumstances mentioned in the foot note, the Government Examiner has acted properly in not accepting it.

No. 156. ORDER THEREON, 5th February 1875, No. 332.
