Notes of Remarks

On plan and Estimate for the construction of two additional rooms for the accommodation of the Registrar

by
Major

18th November 1878

Desires the two rooms usually allotted for the accommodation of the Registrar two additional rooms have been sanctioned in G.O. dated 9th July 1874 No 91 for the accommodation of the Registrar's Establishment.

The accommodation asked for by the Registrar in his letter No 130 dated 6th June 1874 paragraph 3 was for two similar rooms that is one room 18×24 and the other 12×18 as allowed in the Standard design, but the plan submitted shows three rooms viz Office

Club room, and Thrust
room, the two former are
18' x 18' each and are pro-
tected by a verandah
on three sides. The latter
the second room is 24' x 60'
so that the area of accom-
modation provided on plan
is upwards of three times
the area of that asked for
by the Registrar of Suez.
The plan is consequently
very different from the
Standard design regarding
which reasons are assigned
in the Specification Report.
