*Proceedings of the Madras Government, Public Works Department,
26th November 1875.*

Read the following papers :—

No. 589. Proceedings of the Madras Government in the Financial Department,
dated 16th October 1875, No. 2,049.

Proceedings of the Madras Government in the Revenue Department, dated 16th
October 1875, No. 1,514.

ABSTRACT.—Remarking on the Board's Proceedings reviewing Statements of
Receipts and Charges on account of the Government Farms at Sydapet for 1874-75;
and directing it to be considered in the Financial Department how the surplus funds
may best be utilized in 1875-76, with reference to the provision of the law making
them available for purposes of public utility.

It is observed that the appropriation of a moiety of the Surplus Pound Funds in
1874-75 to Government Farms resulted in a transfer credit of Rupees 56,756.

2. It may be safely assumed that in the current year, 1875-76, the amount
to be so credited would not be less than Rupees 50,000, and the Governor in Council
accordingly directs that this amount be credited from Surplus Pound Funds to Local
Funds in lieu of "Government Farms," in diminution of the grant of Rupees 11,40,000
made to Local Funds from Provincial Funds for 1875-76, and that the sum of
Rupees 50,000, Provincial Funds, thus released, be re-allotted to the Public Works
Department for expenditure on Civil Buildings in progress or sanctioned; thus raising
the aggregate assignment to that department for 1875-76 from Rupees 8,00,000 to
Rupees 8,50,000.

3. Any excess beyond Rupees 50,000 in the moiety of the Surplus Pound Fund
may be credited to the Government Farm Fund in 1875-76.

4. It will be observed that these orders do not affect the amount at disposal
of the Local Funds in the current year.

5. The Accountant-General will make the necessary transfers.

2213 Lecture Hall at the Central
Museum

In his letter N. 93 of the 17th June
 1895 the Cong. Architect asks for an
 allotment for this work for 1895-96 and
 intimates in the 1st para that through
 an oversight he did not bring the same
 forward for entry in the Financial Budget
 of 1895-96. The letter N. 86 asking for
 funds for the work was transferred at
 City direct to the Financial Dept, and
 as that Dept. did not print the letter
 nor return it to this office, but only
 sent in manuscript

an abstract, G. L. N. 33 of 8th
July 1875, and in that abstract stated
that the allotment required was for
"adding" and not "completing," as it
should have been, the Library and
Lecture Hall to the Museum, it was
thought that the work was new and
not incomplete and hence the
mistake to include it in the list of
work requiring funds.

THE CONSULTING ARCHITECT TO GOVERNMENT,

To

THE Secretary to Government
Public Works Department

Sir,

I have the honor to submit copy of a letter received from the Superintendent of the Central Museum, with reference to the incomplete state of the Library and Lecture Hall.

2. The slow progress of the work is in consequence of there being no allotment during the current Official year vide G.O No 33 of 6th July 1875.

3. As the allotment of Rs. 48,816 for the Senate House will not be wholly expended, I have the honor to request that Government will be pleased to transfer Rs. 5,000 to the Library and Lecture Hall, in order that the buildings may be rendered fit for occupation as soon as possible.

I have the honor to be
- Sir,
your most obed^t servant.
