ORDER THEREON, 3rd December 1875, No. 3,412.

ESTABLISHMENT, No. 3-A.

Recorded and communicated to the
Controller of Public Works Accounts.

It is observed that the cost of the office
establishment to be retained is within the amount allowed for a second-class ordinary
Range Establishment. The necessity for entertaining cash peons is supposed to be
caused by the remoteness of the locality. The Store Establishment will probably be
susceptible of diminution at a later date, when many of the stores will have been
transferred to other works.
