*Proceedings of the Madras Government, Public Works Department,
3rd December 1875.*

No. 57. Read the following letter from Captain L. CONWAY-GORDON, R.E., Controller of Public Works Accounts, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 13th November 1875, No. 136 W :—

With reference to the telegram from the Government of India, communicated in G.O., No. 3,064, dated 28th October, I have the honor to request that you will move Government to sanction the continued employment of the establishment sanctioned in G.O., No. 2,075, dated 21st July 1875, and also to allow me to defer the submission of more definite proposals until the precise course of our future action shall have been settled in consultation with Mr. Wilson, the Revenue Officer recently appointed for this special duty.

2. I take this opportunity of pointing out that considerable inconvenience will be caused if this establishment be treated as *temporary*. Even with the small establishment for which employment can at present be found, it is absolutely necessary that Mr. Christie should have at the head of the establishment a thoroughly efficient and trustworthy Accountant. Later on it will probably be necessary to have more such men. But trained men of this description can be obtained only by transfer from other offices, and this cannot be done *if the special establishment are classed as temporary and such transfers involve break of service for pension.*

3. The establishment in question is not *temporary* in the technical sense of the word ; it is rather a *special* establishment ; it is required not temporarily to assist the regular establishment in the performance of their ordinary duties, but to carry out a distinct and special work ; it will certainly be required for some years to carry on this special work, and after that in all probability to carry on permanently the extra work involved in the maintenance of the Capital and Revenue Accounts.

4. I therefore trust that Government will be pleased to obtain the sanction of the Government of India to placing this establishment on the footing of a permanent special establishment as regards service for leave and pension.

5. I may add that unless sanction to this arrangement is communicated in the course of the next six weeks, I may be obliged to forego the services of an Accountant who promises to prove extremely useful, and whom I am particularly anxious to secure, but who (if the establishment is to be treated as temporary) can only remain as long as he can continue on leave of absence from his substantive appointment.

No. 58. ORDER THEREON, 3rd December 1875, No. 3,443.

IRRIGATION, No. 2.

Establishment.

THE continued employment of the special establishment referred to from the date of the expiration of the period mentioned in G.O., No. 2,075, of the 21st

July 1875, is sanctioned, but no steps can be taken towards placing this or any special establishment on a permanent footing until the Controller shall have submitted definite proposals which this Government can approve, and which will then have to be forwarded for the sanction of the Government of India.

Proceedings of the Madras Government, Public Works Department,
3rd December 1875.

2. There will, so far as Government are at present informed, be no difficulty in making employment on this special establishment count towards service for leave and pension when it is placed on a permanent footing; but however this may be, it is not practicable to make permanent arrangements which are confessedly likely to be modified within a very short time.

The Secretary to Government
Public Works Department.

Fort Saint George, 13th Nov^r 1875.

Sir,

With reference to the telegram from the Government of India communicated in Government Order No. 3064 dated 28th October, I have the honor to request that you will move Government to sanction the continued employment of the Establishment sanctioned in G.O. No. 2075 dated 21st July 1875, and also to allow me to defer the submission of more definite proposals until the precise course of our future action shall have been settled in consultation with Mr. Wilson, the Revenue Officer recently appointed for this special duty.

2. I take this opportunity of pointing out that considerable inconvenience will be caused if this

Establishment

Establishment be treated as temporary.
Even with the small establishment for
which employment can at present be
found it is absolutely necessary that
Mr. Christie should have at the head
of the Establishment a thoroughly ef-
ficient and trustworthy Accountant.
Later on it will probably be necessary
to have more such men. But trained
men of this description can be obtained
only by transfer from other Offices, and
this cannot be done if the special Estab-
lishment are classed as temporary and
such transfers involve break of service for
pension.

3. The Establishment in question is not
temporary in the technical sense of
the word; it is rather a special Estab-
lishment; it is required not temporarily to
assist the regular Establishment in the
performance of their ordinary duties, but
to carry out a distinct and special work;
it will certainly be required for some
years to carry on this special work, and
after that in all probability to carry

on permanently the extra work involved in
the maintenance of the Capital and Revenue
Accounts.

4. I therefore trust that Government
will be pleased to obtain the sanction of
the Government of India to placing this
Establishment on the footing of a per-
-manent special Establishment as re-
-gards service for leave and pension.

5. I may add that unless sanction
to this arrangement is communicated
in the course of the next six weeks
I may be obliged to forgo the services
of an Accountant who promises to prove
extremely useful and whom I am par-
-ticularly anxious to secure but who,
(if the Establishment is to be treated as
temporary) can only remain as long as
he can continue on leave of absence
from his substantive appointment.

I have the honor to be
Sir,

Your most Obedt. Servt.
