*Proceedings of the Madras Government, Public Works Department,
7th December 1875.*

No. 107. Read the following endorsement of the Superintendent of Telegraphs, Madras Division, dated Madras, 1st December 1875, No. 2,746 :—

From Lieutenant-Colonel R. MURRAY, Officiating Director-General of Telegraphs in India, to R. F. DALLAS, Esq., Superintendent of Telegraphs, Madras Division, dated Calcutta, 20th November 1875, No. 3,043.

I HAVE the honor to acknowledge the receipt of your letter, No. 2,456, dated the 10th instant, with its accompaniments, letter No. 3,036, dated 26th October, from the District Engineer, Madura, with sketch plan of the Huzur Cutcherry, herewith returned as requested, and to state that I consider the portion of the building it is proposed to allot to this department wholly inadequate to its requirements. Were it pulled down and rebuilt *de novo* with a suitable distribution of the accommodation the area would admit of it might do, but not otherwise, certainly not in its present form.

2. As regards the present Police Office building, which the District Engineer states he has recommended should be made over to this department, from the report on it submitted by Mr. Assistant Superintendent Landon in his No. 233, dated the 8th November 1875, I can only conclude that it also in its present distribution of accommodation and condition is entirely unfitted for the location of the Telegraph Office.

Copy forwarded to the Secretary to Government, Public Works Department, with reference to Madras G. O., No. 3,104, of 2nd November 1875.

(Signed) R. F. DALLAS,
Supt. of Telegraphs, Madras Division.
