No. 226. Read the following Proceedings of the Government of India in the Public Works Department, (Military Works), No. 2,003, M.W.:—

From Colonel W. A. CROMMELIN, R.E., Deputy Secretary to the Government of India, Public Works Department (Military Works), to the Inspector-General of Military Works, dated Fort William, 1st December 1875.

In forwarding copy of the papers quoted in the margin having reference to the concentration in one building of the several Staff Offices at the head-quarters of Divisions, Districts and Brigades, I am directed to request that the officers of the Public Works Department in charge of Military Cantonments may be instructed to render every assistance to Commanding Officers in procuring the necessary houses, and in the collection and payment of rents, in the sense of Military Department letter to the Adjutant-General of the Army, No. 447 S, dated 21st August 1875.

Nos. 2,005—9 M.W.

Copy, with copy of enclosures, forwarded to the Governments of Madras and Bombay; Chief Commissioners, Central Provinces and British Burmah; Superintendent, Port Blair, for information.

Deputy Secy. to the Govt. of India.

Office Memorandum from the Secretary to the Government of India, Military Department (Establishment—Departmental), to the Secretary to the Government of India, Public Works Department, dated 13th October 1875, No. 323 S.

THE undersigned is directed to forward a copy of the correspondence noted in the margin, regarding the concentration in one building of the several Staff Offices at the head-quarters of Divisions, Districts and Brigades, and to request that the Public Works Department will be so good as to issue the necessary instructions in view to the officers of that department affording assistance in procuring houses for the purpose, and in collecting the rent and paying it to the owners, in the sense of the letter to the Adjutant-General of the 21st August last.

From Major-General P. S. LUMSDEN, Adjutant-General in India, to the Secretary to the Government of India, Military Department, dated 17th July 1875, No. 2,299 A.

In reply to your letter, No. 859, of the 16th January 1875, I am directed to state that the Commander-in-Chief is prepared to give effect to the plan of concentrating all the Staff Offices of a Brigade or Division in one building, as sketched out in paragraphs 3 and 4 of that letter; but he trusts that, for the reasons stated hereafter, the Government of India will sanction the building

required for this purpose in each station being rented by the Public Works Department, the rent being recovered by monthly deductions from the office allowance of the various officers.

2. As all Staff Officers, but especially those belonging to the department of the Quartermaster-General, are liable to be changed from one Division or Brigade to another, they are not favorably situated for entering into a lease for a term of years, and thus obtaining the required accommodation on reasonable terms. The Department of Public Works could, on the contrary, undertake arrangements of this kind, which, if properly managed, should secure Government from any loss on this head. Another objection to the building being rented by one of the Staff Officers is, that it may frequently happen that the only house available is somewhat in excess of actual requirements, and, as its rent is certain to be high, embarrassment may ensue. No difficulty would in such a case be likely to arise if the building was rented by, and appropriated under, the Department of Public Works, as, in the event of there being spare accommodation available, the Executive Engineer would not find any difficulty in renting it to one of the Staff or Regimental Officers, as might be deemed most advisable.

3. In practice, difficulties of the nature above referred to, and others, have occurred in those stations where the proposed concentration of offices has been tried, and the Commander-in-Chief feels assured that, if this most desirable scheme is to be given effect to, it will be necessary to sanction the intervention of the Department of Public Works in arranging for the hire and appropriation of the necessary building, and as His Excellency believes this can be done without risk or loss to Government, and with but little extra work to Executive Engineers, he trusts that the sanction he asks for may be accorded.

4. It would be necessary to provide two moderate-sized rooms (one for the officer and one for the clerks) for each office accommodated, and it is believed that, if the Brigade Major and Assistant Adjutant-General were required to pay Rupees 25 a-month each, the Deputy Assistant

* As this office required equal accommodation with those of the Assistant Adjutant-General and Brigade Major, it might be necessary for Government to increase this sum to Rupees 25.

Quartermaster-General Rupees 20* (the amount now sanctioned for office-rent), the Deputy Assistant Adjutant-General for Musketry and the Deputy Judge Advocate, for whom less accommodation would be sufficient, Rupees 12-8-0 each, a sufficient sum would be raised monthly to defray the rent and the pay of a chowkeedar and sweeper for the general use of the house.

5. Any spare accommodation might be rented at rates to be fixed by the Department of Public Works, and, as a rule, would be readily availed of by one of the Staff Officers themselves.

6. As the house would be merely rented, no charge would fall on Government for repairs or improvements, and the office furniture would, as now, except in the case of the Deputy Assistant Quartermaster-General, be supplied by the officers themselves.

7. The calculations submitted in paragraph 4 are for the head-quarters stations of a Division, but a Schedule is annexed showing the exact amount of accommodation necessary in all those stations in which it is proposed to concentrate the Staff Offices.

From Colonel H. K. BURNE, Secretary to the Government of India, Military Department, to the Adjutant-General, dated 21st August 1875, No. 447 S.

I AM directed to acknowledge your letter, No. 2,299 A, "Staff Officers," dated the 17th July 1875, on the subject of the proposed plan of concentrating all the Staff Offices of a Division

*Proceedings of the Madras Government, Public Works Department,

or Brigade in one building, and with reference to the proposal of His Excellency the Commander-in-Chief that the building for the combined offices should be rented by the Public Works Department, the rent being recovered from the office allowances of the various officers, I am to state that there is no objection in the Public Works Department to the officer of that department assisting in procuring houses; but it appears to the Government of India that a decision in all matters connected with the arrangement must rest with the Officer Commanding the Division or Brigade, and that he must be responsible for the payment of the rent, the proportion to be deducted from each officer, and the distribution of the quarters. The Executive Engineer will, however, collect the rent and pay it to the owner of the house.

Memorandum from Major-General P. S. LUMSDEN, Adjutant-General in India, to the Secretary to the Government of India, Military Department, dated 30th September 1875, No. 3,178 A.

Staff Officers.

FORWARDED for the information of Government, with reference to Military Department letter, (Establishments Departmental), No. 447 S, dated 21st August 1875.

Nine spare copies are enclosed.

Memorandum from Major-General P. S. LUMSDEN, Adjutant-General in India, to General Officers Commanding Divisions and Districts, dated 25th September 1875, No. 3,124 A.

Staff Officers.

With the concurrence of the Government of India, the Right Honorable the Commander-in-Chief is pleased to direct that, as soon as circumstances will admit of the arrangement being carried into effect at stations where it does not already exist, steps may be taken to concentrate in one building, as centrically situated as possible, the several Staff Offices at the head-quarters of Divisions, Districts and Brigades.

2. In sanctioning the arrangement referred to, the Government of India have intimated that there is no objection to the officers of the Department of Public Works giving their assistance in procuring houses for the purpose required, or to their collecting the rent and paying it to the owners of houses. The decision, however, in all matters connected with the arrangement will rest with the General Officer Commanding, who will be responsible for the allotment of the quarters, and for the payment of the rent by the Staff Officers concerned, which is to be deducted monthly, *pro rata*, from their several office allowances.

3. Before engaging a house, it will be necessary to ascertain the precise amount of accommodation which each officer will require. This being done, the distribution of the rooms will be made accordingly, and the rent of the building collected from the several Staff Officers in proportion to the amount of accommodation taken up by each.

4. It is considered that, with the exception of the offices of the Deputy Assistant Adjutant-General for Musketry and the Deputy Judge Advocate, for each of whom one room would appear to be sufficient, two rooms of moderate size (one for the officer and the other for his clerks) would be ample for each office; and that if the Brigade Major and the Assistant Adjutant-General were each required to contribute Rupees 25 per mensem, the Deputy Assistant Quartermaster-General Rupees 12-3-0 each, a sum would be collected monthly sufficient not only to defray the rent of the house, but to pay as well the wages of a Chowkeedar and of a Sweeper for the general service of all the offices located in the building.

*Proceedings of the Madras Government, Public Works Department,
14th December 1875.*

5. It may happen that the house engaged contains a larger number of rooms than there is absolute necessity for, in which contingency arrangements might be made to let the rooms in excess of requirements to staff or other officers, some of whom would no doubt be glad to avail themselves of such accommodation. By this means the amount of rent monthly deducted from Staff Officers would be very sensibly diminished.
