*Proceedings of the Madras Government, Public Works Department,
18th December 1875.*

No. 311. Read the following Proceedings of the Government of India in the Public Works Department (Railway), dated Fort William, 9th December 1875, Nos. 3,016—21 R.:—

OBSERVATIONS.—In the course of his visit to India, His Royal Highness the Prince of Wales will shortly travel over long distances on many of the lines of Railway in this country. His Excellency the Viceroy and Governor-General in Council desires that all Railway authorities will issue special and clear instructions for due precautions to be taken to ensure the safety of His Royal Highness, viz., by the despatch of a pilot engine in advance of the Royal Train, as is usual when Her Majesty the Queen travels by railway in England; by careful inspections of the locomotive engines and rolling-stock; and by such other precautionary measures for the protection of the lines of railway by watchmen and patrols as may seem desirable.

2. His Excellency the Viceroy and Governor-General in Council relies with confidence on the Railway authorities concerned, not only for the proper carrying out of the general instructions contained in this Resolution, but further that no measures shall be neglected which may conduce to the safety and convenience of His Royal Highness the Prince of Wales.

ORDER.—Ordered that a copy of this Resolution be forwarded to the Director of State Railways for information and guidance.

Also to the Consulting Engineers to the Government of India for Guaranteed Railways at Calcutta, Lahore, and Lucknow, for information and communication to the different Railway Companies.

Ordered, also, that this Resolution be communicated to the Governments of Madras and Bombay, in the Public Works Department (Railway), for information.

(Signed) H. DRUMMOND, Colonel, R.E.,
Deputy Secretary to the Govt. of India.
