PUBLIC WORKS STORE DEPARTMENT,
Chepauk, Madras, 9 Dec 1875.

No. 1128

From

THE GENERAL SUPERINTENDENT,
PUBLIC WORKS STORES AND WORKSHOPS,

To

THE *District Engineer*
Presidency

SIR,

enclosures.

I have the honor to forward for submission to Government and for inclusion in the Budget for 1876-77 Parts I & II of the *Kurnool District*, in view of provision being made for *Local Expenditure*.

The amounts required are as follows:

Imperial Military & Civil Buildings	Rs 200-0-0
Repairs & Carriage	
Imperial Irrigation Ordinary	Rs 250-0-0
Repairs & Carriage	
Provincial	Nil
Total	450

As stated in my letter of the 11th inst., the District requirements for 1876 under the several heads of service will be met from the stock in hand.

Public Works.

No. 17

India Office, London.

16th September 1875.

Sir,

1. With reference to my Public Works Despatch, dated 6th May 1875, No. 7, stating that the Indents forwarded with your Public Works Letter, dated 18th March 1875, No. 7, would be complied with, I have to draw your attention to an apparent error in the estimated price of two Sets of Boring Tools, included in the requisitions in question.

2. The price of each set

His Excellency,
The Honorable,
The Governor in Council

Ch 3/1734/5
Ch 2/1936/75

set of these tools is estimated in the Indents at 980 Rupees (say £ 98) whereas the actual cost will be £ 418 per set.

3. It is stated in the Indents that the Tools should be similar in every respect to those supplied for the Godavery District. The Tools for the Godavery, however, cost £ 418 in this country, and were invoiced at that price to India.

4. As the actual price which would have to be paid for the Stores is so much in excess of the estimate, I have to inform you that their supply will be

be suspended, pending the receipt of an explanation on the subject from your Government.
I have the honor to be,
Sir,

Your most obedient
humble Servant,
Salisbury

No. 9 June 1875

G. W. 1875 Sept. No. 2

For Mr. George
25 October 1875
P.S. Secretary

Public Works
The 16th Sept 1875
D. 21 Oct 1875
Letter to Mr. George
No 17

No 240. Referred to the Chief Secretary for detailed information.
The Engineering Range Officers letter submitting the report on
will probably give it. As far as can be seen at present no one appears
ready to require these estimates and boring tools, and they may be
likely to disagree with
1875

24 NOV 75

PUBLIC WORKS STORE DEPARTMENT,
Chempauk, Madras 20 Nov. 1875.

No. 1049

From

THE GENERAL SUPERINTENDENT,
PUBLIC WORKS STORES AND WORKSHOPS,

To

THE District Engineer
Presidency, Fort St. George.

SIR,

Enclosures.

With reference to your No. 368 dated 22 Novem-
ber 1875, communicating copy of Memo from the
Chief Engineer, I have the honor to state that the
Indents on the Home Government for Tool and
Plant required for 1876-77 is under preparation
The estimates will now be closed without in-
cluding the requirements of the Districts marginally
noted as they have not been received.
Godavary
Kistna
Kurnool
Mangalore
Mysore

I beg to explain that the notice
was published in the Fort St. George Gazette
19th October 1875 page 1768 calling attention of
District Engineers to the submission of the dista-
before the 1st November. Under Cir. No. 362 P.W.D.
dated 3rd October 1875 which fixes the 1st December as
the date the estimate is due. A telegram was also
sent to the Godavary District on the 17th instant
but the detailed Lists as required by Government
in the circular above quoted have not been received.

1875-1200

11-12-75

Dear

In the preparation of the Indent for 1876-77, the requirements of the Department have been duly considered in connection with the stocks in hand, and the stores expected from England on previous Indent, and a fair provision has been made to meet the wants of Districts under the different heads of Service, each of which I shall treat of separately.

3. "Imperial, Civil and Military Buildings"
The Budget Grant for London Supplies for 1875-76 has been exceeded by the submission of two Special Indents viz. Cooking apparatus and Lift for General Hospital, Madras, sanctioned in G. O. 7th October 1874, No. 2854. Rupees 3226
Lightning Conductors for Wellington Barracks, Keilcherry District, sanctioned in G. O. dated 22nd July 1875, No. 2084. Rupees 10,710-

4. In the present Indent, I have omitted the Boring Tools, estimated in the previous Indent at Rupees 980/-, the Secretary of State having intimated that the tools cannot be supplied for the above amount, as similar tools were invoiced at £1,18-

From the price given by the District Engineer Vizagapatam, it is clear that the supply of such expensive boring tools was not contemplated by that Officer, I have therefore omitted to include them in the Indent, also a Force pump asked for in the Estimates for 1876-77, as no drawings or Specifications have been received. I have referred to the District Engineer for information on both the above points, and have no doubt that the Pump could be made up in the Workshops.

5. As regards the Stores indented for last year, hardly any thing has been received, hence the Indent shows nearly the whole quantity as due, but from the Bi-monthly Return of Stores under provision, it appears that all the stores will be despatched within the current official year, the latest despatch being in December 1875. The date of despatch of the Cooking Apparatus, and Lift, and the Lightning Conductors, is uncertain, but it is probable that these will be shipped in England within the current official year.

Year. Assuming however that some of the stores due on previous indent will not be despatched before April next, I beg to recommend that the following provision be made in the Budget for London supplies for 1876-77.

For stores due on previous Indents	Rupia 5000-
Estimated Cost of Supplies for 1876-77	" 7050 -
Total Budget Grant London Supplies	Rs. 12050 -
Local Expenditure	Rs. 830 -
Required by District Engineers	
For Office Furniture	Rs. 1380 -
Repairs and Carriage	Rs. 5089 -
Total Rupia	Rs. 6469 -
	Rs. 18549 -

Irrigation Ordinary 1875-76
The Budget provision for 1875-76 is Rupia 26500 -
A few items only of the stores indented for have been received. From the last Bi-Monthly Return of stores under provision furnished by the Director General of Stores, London, it would appear that the whole of the quantities indented for will be despatched within the current official year, but as the latest date of despatch is given as March 1876, provision should be made to some extent.

10
extent in the outgoing Budget. The estimates from the Krishna District were received on the 27th instant, after the Lists had been closed and fair-copied, but as there is much in the District Engineer's estimates which requires explanation, they will be returned to that officer for provision, and on their return, a Supplemental Indent will be submitted for such articles as can not be supplied from the stock in store. I beg however to submit the original Detailed Estimate received, in view to such provision being made in the Budget as the Government may deem fit. The amount required for London supplies is as follows:—

Cost of stores due on previous indent	Rs. 8000/-
Estimated Cost of stores for 1876-77	
Exclusive of Krishna District	Rs. 6316/-
Total required for London	
Stores	Rs. 14316/-

For Local Expenditure	
Required by District Engineers	
Office Furniture	Rs. 612 -
Camp Equipage	Rs. 500 -

Rs. 1112 -

Rupies 14316-
Rupies 1112/-
Repairs and Carriage 46,787- 47,899-

Total for Local Expenditure. Rs. 62215--

"Provincial Service."

The whole of the Stores Indented for 1875-76 are shown as due, since none has come to hand, but the whole is expected before April next, the latest date of despatch given in the Bi-Monthly Return from London, being December 1875. The wants of the Kistna District could be met from the stores expected, so that no additional grant will be required on account of this District. I have omitted in this indent, a set of Coal burning tools which it was intended to reserve for emergent requisitions, as the Service Cost £418 is far in excess of my estimate, viz £98--allowing for Contingencies, I beg to suggest the following provision in the Budget for 1876-77 for London Supplies.

For

For Stores due on previous Indent No. 5000/-
Estimated Cost of Stores for 1876-77 Rs. 10000/-
Total amount of London Supplies Rs. 15000/-
18226
For Local Expenditure.
Office Furniture Rs. 793/-
Camp Equipage Rs. 250/-
Repairs and Carriage Rs. 909/-
Special--" " " Rs. 8999/-
Rs. 19,124/-

Total Rupees 37344
34,124--

Dowlaishevans Workshop.

8. As all London Supplies are treated as Remittances, no Budget provision is necessary.

"Local Service"

9. The requirements for this Service will be included in the Presidency Workshops Indent for which no Budget provision is required. The amount available for Stores should be placed at the disposal of Officers who will be supplied by the Workshops.

Irrigation Extraordinary

No Indent.

10. The amount required by the District Engineer Godavery under Irrigation is 1 Rupee 20,000

No 3562 Public Works Dept.

Proceedings of the Madras Government

Under date the 20th Decr.

Read the following

Despatch from the Home Government { No. 114 of 16th Sept 1875 }

from the District Engineer { No. 3691 of 24th Nov 1875 }

Presidency { No. 3793 of 2nd Dec 1875 }

" Do Do

The omission of the Boring Log from the Home Indent is under the circumstances approved. The Force Pump required by the District Engineer, Vizagapatam will if practicable be made up at the Presidency Workshops.

Do

As it is uncertain
whether the Cooking
apparatus for the
General Hospital
and Lighting Con-
ductors for the Mellin-
don Barracks will
arrive during the
current year it does
not at present seem
necessary to disturb
existing allotments.

The Cooking appa-
ratus and light for
the General Hospital
should have been
included under Pro-
vincial, the cost being
chargeable to that
head of service. The

10
have now been
made. The demands
under Immigration
will be disposed of
separately.

Paragraph 9 will
be referred to the
Financial Depart-
ment with a view
to fresh funds being
placed at the disposal
of local officers as
may be necessary
to meet expenditure
for stores on account
of Local Fund Works.

Under London
supplies the following
provision will be
made in the
entering

Outgoing Budgets.

Imperial Buildings
and Roads Rs 8830

Provincial Rs 18220

And the amount shown
below will be made
available for ex-
penditure in India
under Local and
Plant.

Imperial
Buildings
and Roads Rs 6469

Provincial Rs 24124

Of which Rs 5000 are
for Government
House furniture

The indent as
corrected will

be forwarded to
the Home Govern-
ment with the
Budget Estimates.

propd - 29-12-75

A high-contrast, black and white image showing a dense, textured surface, possibly a book cover or endpaper. The texture is composed of numerous small, dark, rectangular elements arranged in a somewhat regular, grid-like pattern. The overall appearance is grainy and abstract, with varying shades of gray and black.
